HB 168 Original

2022 Regular Session

Huval

Abstract: Provides a limited exception to the general licensing requirement for persons installing generator gas lines.

Present law requires a person engaging in the work of a gas fitter or master gas fitter to possess a license.

Proposed law retains present law.

Present law provides an exception for persons performing work on their own residences.

Proposed law retains present law and provides an additional exception for the following persons, for the limited purpose of installing generator gas lines:

- (1) A licensed electrical contractor who holds a statewide electrical work license classification.
- (2) A licensed mechanical contractor who holds a statewide mechanical work license classification.

The new exceptions provided for in proposed law apply only to the extent necessary to install generator gas lines.

(Amends R.S. 37:1367(J))
