HB 190 Original

2022 Regular Session

Travis Johnson

Abstract: Authorizes nurse practitioners with prescriptive authority to recommend medical marijuana to patients.

Present law authorizes licensed physicians to recommend marijuana for therapeutic use, known commonly as "medical marijuana", by patients clinically diagnosed as suffering from any debilitating medical condition defined in present law. Proposed law revises present law to authorize licensed nurse practitioners who have prescriptive authority, in addition to licensed physicians, to recommend medical marijuana to patients.

Proposed law replaces "physician" with the term "authorized clinician" in present law relative to medical marijuana. Provides that all of the following licensed health professionals are authorized to recommend medical marijuana to patients and shall be deemed "authorized clinicians":

- (1) Any physician licensed by and in good standing with the La. State Board of Medical Examiners to practice medicine in this state.
- (2) Any nurse practitioner licensed by and in good standing with the La. State Board of Nursing to practice advanced practice registered nursing in this state and who has prescriptive authority conferred by the La. State Board of Nursing.

Proposed law, for consistency of present law with proposed law, revises references to licensed health professionals who may recommend medical marijuana in the following areas of present law:

- (1) Law providing for immunity from prosecution for possession of marijuana (R.S. 40:966(F)).
- (2) Law providing for a data system for the collection and analysis of clinical information associated with use of medical marijuana by patients (R.S. 40:1168.1 et seq.).

(Amends R.S. 40:966(F)(1), (7), and (8)(a), 1046(A)(1), (2)(a)(xviii), (xxii), and (b), (3), (4), (5)(b), (6), and (C)(1), 1168.2(2)-(5), and 1168.3(A)(1)(b)(iii), (iv), and (2)(b); Adds R.S. 40:1046(B))
