
The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by LG Sullivan.

SB 256 Original	DIGEST 2022 Regular Session	Barrow
-----------------	--------------------------------	--------

Present law provides generally for the discipline of students, including suspension.

Proposed law requires the principal, prior to suspending a student, to ensure that the student is assessed using an instrument, such as the Adverse Childhood Experiences Assessment developed by the Centers for Disease Control, that is designed to determine if the student has experienced trauma. Further requires the results of the assessment to be used to determine whether the student's behavior may be better addressed in a manner other than through suspension.

Proposed law repeals outdated law regarding in-school suspension pilot projects.

Proposed law authorizes and directs the Louisiana State Law Institute to redesignate R.S. 17:223 and 224, as designated prior to the enactment of proposed law, as R.S. 17:416.1.1 and 416.1.2, and to redesignate any other section of law or internal citations consistent with the provisions of proposed law.

(Amends R.S. 17:223 and 416(A)(3)(b); repeals R.S. 17:223.1)
