HB 600 Original

2022 Regular Session

Frieman

Abstract: Requires the La. Dept. of Health (LDH) to make available to the public all methods for opting out of immunizations or vaccinations when mandated by the government.

Proposed law requires that LDH publicize and distribute all information relative to methods for opting out of the mandated immunization or vaccination in the publicized immunization and vaccination information required by proposed law.

Proposed law states that the required opt-out information shall include but not be limited to qualification for exemption, and procedures for retrieving and submitting opt-out documentation, both electronically and physically.

Proposed law requires that all information relative to opting out of the mandated vaccinations or immunizations be updated annually if new information becomes available.

Proposed law requires LDH to determine the most cost-effective and efficient means of distributing such information to the public.

Proposed law requires LDH to establish all guidelines and procedures for carrying out the provisions of proposed law.
