SB 376 Original DIGEST 2022 Regular Session Peacock

Present law requires the holder of a riverboat license and the holder of a license for slot machines at racetracks to submit certain information to the Louisiana Gaming Control Board.

Proposed law corrects the cross reference to the statute identifying the license holder authorized for slot machines at racetracks by providing a generic reference to the definition section in that chapter of law and similarly provides a generic reference to the definition section of law for the riverboat gaming chapter of law.

Effective August 1, 2022.
