EXPENDITURE EXPLANATION

Proposed law will increase expenditures within the Department of Public Safety, Office of State Police (OSP) from the statutorily dedicated Criminal Identification and Information Fund by indeterminable, though likely marginal amounts. The proposed law requires consent to, pass, and pay for criminal background checks by every person working in private training and driving instructor schools or agency, providing driving courses, and third-party examiner prior to contracting with or being licensed by the Office of Motor Vehicles (OMV). Criminal history records checks and fingerprinting are done by the LA Bureau of Criminal Identification and Information in State Police.

Expenditures associated with the proposed law will be offset fully or partially by fees remitted by applicants to State Police for performing services required by the proposed law. The fee is deposited into the Criminal Identification and Information Fund, which is utilized by the LA Bureau of Criminal Identification and Information to process state and federal background checks including processing fingerprints. The average cost per background check is approximately \$26.70. The average background check is based on a three-year average from FY 19 - FY 21 of actual fund expenditures totaling approximately \$7.59 M annually and an average of 284,613 background checks performed annually.

REVENUE EXPLANATION

Proposed law will increase revenues in the statutorily dedicated Criminal Identification and Information Fund by an indeterminable amount in FY 23 and subsequent fiscal years. The LA Bureau of Criminal Identification and Information within State Police would perform the background checks for a fee of \$39.25 for state and federal background checks that include fingerprinting (\$26 state background check, \$2 from federal background check, and the remaining \$11.25 to the federal government).
