Subject: Extends the Quality Jobs Program for four years	Analyst: Deborah Vivien

TAX/TAX REBATES EG SEE FISC NOTE GF RV See Note Page 1 of 1
 Extends the deadline for applying for rebates in the Louisiana Quality Jobs Program

Current law authorizes the Quality Jobs program in which eligible participants receive a payroll rebate for new direct jobs (that also offer a defined health benefit) and a rebate of either sales tax on building material purchases and machinery and equipment or 1.5% of capital expenditures for ten years (5 year renewal). The annual payroll rebate is 4% of payroll for jobs paying at least \$18 per hour and 6% for new jobs paying at least \$21.66 per hour. Businesses are eligible by industry sector, out of state sales or services provided, parish per capita income or headquarters delineation and have minimum job creation requirements. Due to the sunset provision, the program will not accept advance notifications on or after July 1, 2022 for outstanding tax credits under the original program or rebates under the existing program.

Proposed law extends the application deadline for filing an advance notification in the current Quality Jobs Program from July 1, 2022 to June 30, 2026 for rebates only.

EXPENDITURE EXPLANATION
Proposed law will have no material impact on the Department of Economic Development (LED) to extend the application deadline for advance notification in the Quality Jobs Program from July 1, 2022 to July 1, 2026. LED reports that existing resources are in place to handle current and future applicants.

REVENUE EXPLANATION
 The impact of this bill is a phased-in reduction the state general fund as the expiration of the Quality Jobs Program is extended by four years to July 1, 2026. Program applicants must file an advance notice and most take 2 years to file the application. After the application is filed, benefits may begin and can last for 10 years. Thus, extending the program will slowly reduce state general fund revenue beginning in earnest in FY 25 and beyond.

The extent of the reduction in SGF is unknown because it is not clear of the number of businesses that will apply or the magnitude of the incentives for which they will be eligible. According to LED, its fiscal impact can be significantly affected by the size and number of projects participating in the program, which can be heavily influenced by the global market and macro-economic conditions. Costs have fluctuated significantly in this program.

There are no outstanding tax credits in the Quality Jobs Program.

According to the tax Exemption Budget and the Incentive Expenditure Forecast offered by LDR, the Quality Jobs Program has cost the state between \$99 M to \$157.5 M per year in state general fund over the last five years.

2016	\$149,223,716
2017	\$99,342,295
2018	\$99,949,313
2019	\$140,484,483
2020	\$51,571,578
2021*	\$157,517,623
2022**	\$165,000,000
