DIGEST

SB 470 Original

2022 Regular Session

Mizell

Present law provides relative to internet safety for children and requires an internet service provider to make available to an internet subscriber a product or service that enables the subscriber to control a child's use of the internet. A violation of present law shall be an unfair trade practice and subject the violator to all actions and penalties prescribed in the Unfair Trade Practices and Consumer Protection Law.

Proposed law retains present law and provides that a website or domain name with an adult, mature, and restrictive meta tag, shall verify that all users are at least 18 years old or older.

Proposed law provides that the website or domain name shall provide a way for users to digitally provide identification immediately upon accessing its website or domain name at the cost of the website or domain name.

Effective August 1, 2022.

(Amends 51:1426(E); adds R.S. 51:1426(F))
