**EXPENDITURE EXPLANATION**

There will be an indeterminable increase in SGF expenditures for the Department of Public Safety & Corrections - Corrections Services (DPS&C) to the extent a person is convicted of a crime of violence in a state cultural district, a historical preservation district, historic place, or a downtown development district. The proposed legislation provides that the sentence for the conviction of the crime of violence shall be served without the benefit of parole, probation, or suspension of sentence. The exact fiscal impact is indeterminable, since it is unknown the number of individuals who will be convicted under the proposed law. Any individual convicted under the proposed legislation and sentenced to the custody of DPS&C increases SGF expenditures of \$26.39 per day per offender in adult local housing and \$83.23 per day per offender in a state facility. Any offender convicted of these crimes would cost DPS&C \$9,632 annually (\$26.39 per day per offender x 365 days) per offender in adult local housing and \$30,379 annually (\$83.23 per day per offender x 365 days) per offender in a state facility.

Note: The Louisiana Commission on Law Enforcement does not collect data on crimes committed in historical districts.

**REVENUE EXPLANATION**

There will be an indeterminable increase in local funds revenue as a result of potential fines if a person is convicted under the proposed law. The potential revenue will accrue to the local government entities.
