SCHOOLS EG DECREASE GF EX See Note Page 1 of 2  
Provides relative to the jurisdiction of the Central Community School System. (7/1/22)

Proposed legislation revises the district boundaries of the Central Community School System, removing the portion of the district that lies west of the Comite River, outside of the Central city limit. Proposed legislation provides that any student residing within the boundaries of the Central Community School System as defined prior to July 1, 2022 and who was enrolled in the Central Community School System in the 2021-2022 school year may elect to remain enrolled in the system until the student graduates or fails to remain continuously enrolled in the system.

**EXPENDITURE EXPLANATION**

The proposed legislation will likely decrease state costs to the Minimum Foundation Program (MFP) by an indeterminable amount due to varying allocations between Central Community School System and East Baton Rouge Parish School System. Local expenditures will be impacted due to shifting requirements for instructional and support services between the two districts; these changes will increase over time.

The portion of the Central Community School System that the proposed legislation places outside of the system boundaries is largely surrounded by District 2 of the East Baton Rouge Parish School System. According to the Central Community School System, 249 students currently reside in this area. While these students are eligible to remain enrolled in the Central Community School System, new students residing in this area will instead be enrolled in the East Baton Rouge Parish School System.

**EXPENDITURE EXPLANATION CONTINUED ON PAGE TWO**

**REVENUE EXPLANATION**

The proposed legislation will decrease property tax revenues for the Central Community School System and increase property tax revenues for the East Baton Rouge Parish School System. The East Baton Rouge Parish School System anticipates gaining approximately \$223,000 in annual property tax revenue as a result of the proposed legislation, while the Central Community School System anticipates a reduction of approximately \$300,000 in annual property tax revenue. There may be changes in the amount of other state and federal funding received by both schools; however, any such change is indeterminable and expected to be minimal.

Senate      Dual Referral Rules  
 13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}  
 13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

**CONTINUED EXPLANATION from page one:**

**EXPENDITURE EXPLANATION CONTINUED FROM PAGE ONE**

The proposed 2022-23 MFP budget letter projects \$6,850 per pupil in state funding to the Central Community School System and \$4,381 per pupil in state funding to the East Baton Rouge Parish School System, a difference of \$2,469. For illustrative purposes, if the proposed legislation decreases the future enrollment of the Central Community School System and increases the future enrollment of the East Baton Rouge Parish School System by 20 students each year, projected MFP funding will decrease by \$49,380 in FY 23 and by larger amounts in subsequent fiscal years.

The table below shows the approximate impact of this 20 student change in the enrollments of Central Community School System and East Baton Rouge Parish School System on the 2022-23 state MFP cost. For context, the projected 2022-23 MFP state cost allocation is \$33.2 M for Central Community School System and \$197 M for East Baton Rouge Parish School System, excluding Level 4 allocations.

	<u>FY 23</u> <u>Enrollment Change</u>	<u>State Per</u> <u>Pupil Amount</u>	<u>Funding</u> <u>Change</u>
Central Community School System	(20)	\$6,850	(\$137,000)
East Baton Rouge Parish School System	20	\$4,381	\$87,620
<b>Net Change</b>			<b>(\$49,380)</b>
