
SENATE COMMITTEE AMENDMENTS

2022 Regular Session

Substitute for Original Senate Bill No. 195 by Senator Hewitt as proposed by Senate Committee on Health and Welfare.

This document reflects the content of a substitute bill but is not in a bill form; page numbers in this document DO NOT correspond to page numbers in the substitute bill itself.

To enact R.S. 40:2003, relative to healthcare facility patient safety policies; to provide for legislative findings; to provide for healthcare facility patient safety policies; to provide for minimum content of the policies; to provide for a post-occurrence review; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 40:2003 is hereby enacted to read as follows:

§2003. Healthcare facility patient safety policies

A. The legislature finds and declares that ensuring patient safety is a critical part of delivering quality healthcare services. Patient safety includes not only implementing appropriate courses of action in treating a patient, but also educating and empowering providers in the facility to express opinions and concerns regarding all aspects of the patient's experience in the facility.

B. Each healthcare facility licensed pursuant to R.S. 40:2006 shall adopt policies that promote national best practices on patient safety, support quality improvement initiatives, and empower healthcare providers to take all appropriate steps to prevent a patient safety event.

C. The policies implemented pursuant to this Section shall include but not be limited to the rights and responsibilities of an individual providing patient care in a licensed healthcare facility to protect the safety of a patient, to immediately intervene or escalate concerns through an identified chain of command, to prevent a patient safety event, and to mitigate subsequent patient harm. The policy shall include a process for post-occurrence review of the situation to determine whether additional action is required to minimize the likelihood of similar situations in the future.

D. A post-occurrence review may be conducted in conjunction with a patient safety organization and shall be considered a patient safety activity pursuant to the provisions of the Patient Safety and Quality Improvement Act of 2005, 42 U.S.C. 299b-21 et seq.

DIGEST
2022 Regular Session

SB Draft

Proposed law provides for each healthcare facility licensed by the La. Dept. of Health to adopt policies that promote national best practices on patient safety, support quality improvement initiatives, and empower healthcare providers to take all appropriate steps to prevent a patient safety event.

Proposed law provides for the minimum content of the patient safety policies, including a process for post-occurrence review of the situation to determine whether additional action is required to minimize the likelihood of similar situations in the future.

Proposed law provides that the post-occurrence review may be conducted in conjunction with a patient safety organization and shall be considered a patient safety activity pursuant to the federal Patient Safety and Quality Improvement Act of 2005.

Effective August 1, 2022.

(Adds R.S. 40:2003)
