 Provides relative to the collection and sharing of certain student information

Proposed legislation requires public school governing authorities to collect social security numbers of high school students and share them with the Louisiana Workforce Commission (LWC) for the purpose of evaluating state and federal programs that prepare high school students for postsecondary education, workforce training, and employment. Requires consent of the parents or legal guardians for students who have not yet reached the age of majority. Requires the LWC to remove social security numbers from the data and, until the student reaches the age of 26, provide (1) wage data, (2) North American Industry Classification System data through the third digit, and (3) Standard Occupational Classification System data to the Louisiana Department of Education (LDE) and the Industry-Based Certification Committee for the express purpose of state and federal program evaluation. Proposed legislation requires the LWC to match the student information with employment data.

**EXPENDITURE EXPLANATION**

There will be increased workload to the Louisiana Department of Education (LDE) and Louisiana Workforce Commission (LWC) to implement the proposed legislation. However, this will be performed by existing staff. The LDE will also incur \$480 per year in vendor costs associated with transferring personally identifiable information (PII).

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
