Dept./Agy.: Insurance, Office of Group Benefits, Medicaid		Analyst: Patrice Thomas
Subject: Mandates Up to a 6-Month Contraceptive Supply		

INSURANCE/HEALTH EG -\$17,771 GF EX See Note Page 1 of 1
 Provides relative to the dispensing of contraceptives

Proposed law defines "contraceptive drugs". Proposed law requires the LA Medicaid program to issued or renewed on or after January 1, 2023, to cover up to a 6-month supply of contraceptive drugs to reimburse for a 6-month supply of contraceptive drugs, with an option to receive the contraceptives onsite at a health provider's office. Proposed law requires the insured to have used the same contraceptive drugs for at least consecutive 6 months before receiving a 6-month supply.

EXPENDITURE EXPLANATION

Proposed law will decrease expenditures within LA Department of Health (LDH), Medicaid Program associated with issuing contraceptive drugs in 6-month supply.

LA Department of Health (SGF, Statutory Dedication, and Federal Impact)

Proposed law decreases expenditures within the LA Department of Health (LDH), Medicaid Program. The proposed law requires the Medicaid Program to cover a 6-month supply of contraceptive drugs and allow patients to receive the contraceptives onsite at a health provider's office. Currently, the average dispensing fee is \$4.83 for managed care organization (MCO) providers and \$10.90 for fee-for-service (FFS) providers. Under this measure, LDH anticipates a decrease in pharmacy dispensing fees associated with contraceptives from once every month to once every 6 months as follows:

	Average Member Dispensing Fee	6-Month Contraceptive Claims per Month	Monthly Dispensing Fee Savings	Annual Dispensing Fee Savings
MCO Providers	\$4.83	6,360	\$30,736	\$307,360
FFS Providers	\$10.90	124	<u>\$1,352</u> \$32,088	<u>\$13,516</u> \$320,880

Note: Since the proposed law is effective January 1, 2023, decrease of \$160,440 in FY 23 represents expenditures for 6 months. In FY 24, savings of \$320,880 is estimated (\$35,541 SGF, \$16,905 statutorily dedicated Medical Assistance Trust Fund, and \$268,434 Federal).

REVENUE EXPLANATION

To the extent proposed law decreases total Medicaid expenditures, federal financial participation will decrease (federal match rate).
