

1 personality changes, declines in school performance, and changes in sensory sensitivities,  
2 and may worsen or extend with each episode; and

3 WHEREAS, younger children are often misdiagnosed as having autism, and many  
4 affected children meet criteria for state disability services because their symptoms are not  
5 solely attributable to mental illness; and

6 WHEREAS, studies have found several therapies and treatments to be effective in  
7 resolving symptoms, including but not limited to antibiotic therapy, intravenous  
8 immunoglobulin treatments, antidepressant medications, cognitive behavioral therapies, and  
9 certain oncology medications and plasma exchange in the most severe cases; and

10 WHEREAS, early treatment is important to prevent permanent brain injury and  
11 nervous system damage, cognitive decline, mental illness that may persist into adulthood,  
12 and death because the conditions are potentially fatal; and

13 WHEREAS, although therapies and treatments can help to improve the lives of  
14 affected children whose overall wellbeing and futures are impacted by disruptions in  
15 neurological functioning, health insurance coverage for such therapies and treatments to  
16 relieve the symptoms of PANS, PANDAS, and PANS and PANDAS as types of AE is  
17 generally not available.

18 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby  
19 urge and request the Louisiana Department of Insurance to conduct a study concerning  
20 health insurance coverage for therapies and treatments for PANS, PANDAS, and PANS and  
21 PANDAS as types of AE and to submit a report of its findings and recommendations from  
22 the study called for in this Resolution to the House Committee on Insurance, the Senate  
23 Committee on Insurance, and the David R. Poynter Legislative Research Library no later  
24 February 1, 2023.

25 BE IT FURTHER RESOLVED that the Legislature of Louisiana does hereby urge  
26 and request the Louisiana Department of Insurance to consider, at minimum, the extent to  
27 which such coverage is currently available in this state, the potential level of demand for  
28 such coverage in this state, and the costs and benefits of an expansion of such coverage in  
29 this state to meet potential demand.

1 BE IT FURTHER RESOLVED that, in carrying out the purposes of this Resolution,  
2 the department may engage and solicit input, recommendations, and advice in the collection  
3 of information and data from the office for citizens with developmental disabilities, persons  
4 living with PANS, PANDAS, or either condition as a type of AE and their parents, issuers  
5 of private health insurance plans, clinical psychologists, osteopathic physicians, neurologists,  
6 psychiatrists, pediatricians, and other pertinent healthcare providers.

7 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the  
8 commissioner of insurance.

HCR 89 Engrossed

2022 Regular Session

Dustin Miller

Requests the La. Dept. of Insurance to study the costs and benefits of providing health insurance coverage for therapies and treatments for PANS, PANDAS, and both conditions as a type of AE. Requests the department to report its findings and recommendations from the study on or before Feb. 1, 2023.
