INSURANCE DEPARTMENT RR SEE FISC NOTE SD EX See Note Page 1 of 2  
 Provides for the Louisiana Named Storm Insurance Fraud Prevention Authority

Proposed law creates the LA Named Storm Insurance Fraud Prevention Authority within the LA Department of Insurance (LDI) and provides for the purpose, duties, powers, and plan of operation. Under the proposed law, the Authority has a 21 member board of directors who shall serve without compensation except for travel and expense reimbursement. Proposed law provides that the Attorney General shall serve as legal counsel. Proposed law creates the Named Storm Insurance Fraud Prevention Authority Fund within the state treasury, which shall be administered by board and used to pay for all administrative costs of the Authority, legal counsel, and provide financial support to law enforcement agencies for insurance fraud prevention, detection, and enforcement. Proposed law requires the Authority to submit an annual report with certain information to the House and Senate Agriculture Committees by March 1st of each year. Proposed law sunsets on August 1, 2025.

**EXPENDITURE EXPLANATION**

Proposed law may increase SGR expenditures by a nominal amount as a result of per diem and travel expense reimbursement associated with meetings of the newly created LA Named Storm Insurance Fraud Prevention Authority. The proposed law creates the LA Named Storm Insurance Fraud Prevention Authority within the LA Department of Insurance (LDI) to combat named storm insurance fraud and the Named Storm insurance Fraud Prevention Authority Fund within the Department of Treasury.

The Authority will be governed by a 21 member board that shall serve without compensation; however, board members not domiciled in Baton Rouge may receive travel and other reimbursements as permitted in the official state Policy and Procedure Manual (PPM49) for attending board meetings. For informational purposes, the current mileage reimbursement rate is \$0.56 per mile not to exceed a maximum of 99 miles per round trip and/or day. While there may be costs associated with travel reimbursement and administrative support of the advisory board provided by LDI, they are expected to be minimal. Also, two of the 21 board members shall be legislative members that shall receive legislative per diem of \$168.

Also, under the proposed law, the board of directors may use any funds available (gifts, grants, donations, loans, and federal, state or local appropriations) for insurance fraud prevention, detection, and enforcement. To the extent that funding is available, expenditures within LDI is anticipated to increase by an indeterminable amount.

**Attorney General/Department of Justice**

Proposed law has an indeterminable fiscal impact on the Department of Justice. Under the proposed law, the Attorney General shall provide legal counsel to the LA Named Storm Insurance Fraud Prevention Authority. Without knowing the type or scope of programs the Authority will establish, the Department of Justice cannot determine if additional staffing will be needed or existing staff and resources will be sufficient. The proposed law provides that the Authority shall reimburse the Department of Justice for costs of legal counsel out of the Named Storm Insurance Fraud Prevention Authority Fund.

**EXPENDITURE EXPLANATION Continued from Page 1**

**Public Safety/LA State Police**

There is no anticipated direct material effect on expenditures in the Insurance Fraud and Auto Theft unit within the LA State Police. State Police reports participation in the LA Named Storm Insurance Fraud Prevention Authority will be accomplished with existing staff and resources. To the extent new programs for insurance fraud prevention, detection, and enforcement are enacted under this measure, the proposed law provides for grant funding from the Authority.

**Treasury**

Creating a new statutory dedication within the state treasury will result in a marginal workload increase for the Department of Treasury, which can generally be absorbed within existing resources. However, to the extent other legislative instruments create new statutory dedications, there may be material additional costs associated with the aggregate effort to administer these funds. The Treasury performs fund accounting, financial reporting, banking, and custodial functions for 436 special funds. When unable to absorb additional workload with existing resources, the Treasury anticipates it will be required to add one T.O. position at a total personnel services cost of approximately \$73,000, plus approximately \$2,450 for a one-time purchase of office equipment. These expenditures are assumed to be SGF in this fiscal note.
