16 §691.2. Definitions

17 As used in this Subpart, the following terms ~~shall have these meanings unless~~
18 ~~the context shall otherwise require:~~ the meaning ascribed in this Section unless the
19 context clearly requires otherwise:

20 * * *

1 M.(1) Group capital calculation. Except as provided in Paragraph (2) of this
2 Subsection, the ultimate controlling person of every insurer subject to registration
3 shall concurrently file, with the registration, an annual group capital calculation as
4 directed by the lead state commissioner. The report shall be completed in
5 accordance with the NAIC group capital calculation instructions, which may permit
6 the lead state commissioner to allow a controlling person that is not the ultimate
7 controlling person to file the group capital calculation. The report shall be filed with
8 the lead state commissioner of the insurance holding company system as determined
9 by the commissioner in accordance with the procedures within the Financial
10 Analysis Handbook adopted by the NAIC.

11 (2) The following insurance holding company systems are exempt from
12 filing the group capital calculation:

13 (a) An insurance holding company system that has only one insurer within
14 its holding company structure, that only writes business and is only authorized in its
15 domestic state, and assumes no business from any other insurer.

16 (b) An insurance holding company system that is required to perform a
17 group capital calculation specified by the federal reserve. The lead state
18 commissioner shall request the calculation from the federal reserve under the terms
19 of information sharing agreements in effect. If the federal reserve cannot share the
20 calculation with the lead state commissioner, the insurance holding company system
21 is not exempt from the group capital calculation filing.

22 (c) An insurance holding company system with a supervisor whose group-
23 wide supervisor is not based in the United States and is located within a reciprocal
24 jurisdiction as described in R.S. 22:651(F) that recognizes the U.S. state regulatory
25 approach to group supervision and group capital.

26 (d) An insurance holding company system that meets all of the following
27 criteria:

28 (i) It provides information to the lead state that meets the requirements for
29 accreditation under the NAIC financial standards and accreditation program, either
30 directly or indirectly through the group-wide supervisor, who has determined such

1 information is satisfactory to allow the lead state to comply with the NAIC group
2 supervision approach, as detailed in the NAIC Financial Analysis Handbook.

3 (ii) The group-wide supervisor not based in the United States, that is not in
4 a reciprocal jurisdiction, recognizes and accepts, as specified by the commissioner
5 in regulation, the group capital calculation as the world-wide group capital
6 assessment for United States insurance groups who operate in that jurisdiction.

7 (3) Notwithstanding the provisions of Subparagraphs (2)(c) and (d) of this
8 Subsection, a lead state commissioner shall require the group capital calculation for
9 United States operations of any insurance holding company system not based in the
10 United States if, after any necessary consultation with other supervisors or officials,
11 it is deemed appropriate by the lead state commissioner for prudential oversight and
12 solvency monitoring purposes or for ensuring the competitiveness of the insurance
13 marketplace.

14 (4) Notwithstanding the exemptions from filing the group capital calculation
15 in Subparagraphs (2)(c) and (d) of this Subsection, the lead state commissioner has
16 the discretion to exempt the ultimate controlling person from filing the annual group
17 capital calculation or to accept a limited group capital filing or report in accordance
18 with the criteria as specified by the commissioner through rules and regulations.

19 (5) If the commissioner determines that an insurance holding company
20 system no longer meets one or more of the requirements for an exemption from
21 filing the group capital calculation pursuant to this Section, the insurance holding
22 company system shall file the group capital calculation at the next annual filing date,
23 unless given an extension by the commissioner based on reasonable grounds shown.

24 N.(1) Liquidity stress test. The ultimate controlling person of every insurer
25 subject to registration and scoped into the NAIC liquidity stress test framework shall
26 file the results of its liquidity stress test. The filing shall be made to the lead state
27 insurance commissioner of the insurance holding company system as determined by
28 the procedures within the Financial Analysis Handbook adopted by the NAIC.

29 (2) The NAIC liquidity stress test framework includes scope criteria
30 applicable to a specific data year. These scope criteria are reviewed at least annually

1 by the financial stability task force or its successor. Any change to the NAIC
2 liquidity stress test framework or to the data year for which the scope criteria are to
3 be measured shall be effective on the first of January of the year following the
4 calendar year such changes are adopted. Insurers meeting at least one threshold of
5 the scope criteria are considered scoped into the NAIC liquidity stress test
6 framework for the specified data year, unless the lead state insurance commissioner,
7 in consultation with the NAIC Financial Stability Task Force or its successor,
8 determines the insurer should not be scoped into the framework for that data year.
9 Similarly, insurers that do not meet at least one threshold of the scope criteria are
10 considered scoped out of the NAIC liquidity stress test framework for the specified
11 data year, unless the lead state insurance commissioner, in consultation with the
12 NAIC Financial Stability Task Force or its successor, determines the insurer should
13 be scoped into the framework for that data year.

14 (3) The lead state commissioner, in consultation with the NAIC Financial
15 Stability Task Force or its successor, shall address concerns regarding regulators
16 wishing to avoid being scoped in and out of the NAIC liquidity stress test framework
17 on a frequent basis.

18 (4) The performance of, and filing of the results from, a specific year's
19 liquidity stress test shall comply with the NAIC liquidity stress test framework
20 instructions and reporting templates for that year and any lead state insurance
21 commissioner determinations, in conjunction with the NAIC Financial Stability Task
22 Force or its successor, provided within the framework.

23 O. Violations. The failure to file a registration statement or any summary
24 of the registration statement or enterprise risk filing required by this Section within
25 the time specified for filing shall be a violation of this Section.

26 ~~N. P.(1)~~ Incorporation by reference. Any information contained in any
27 financial statement, annual report, proxy statement, statement filed with a
28 governmental authority, or any other document may be incorporated by reference,
29 provided the document is filed as an exhibit to the registration statement. Any
30 excerpt of a document may be filed as an exhibit if the document is extensive. Any

1 documents currently on file with the commissioner which were filed within three
 2 years need not be attached as exhibits, but shall be referred to if not so attached. All
 3 references to information contained in exhibits or in documents duly filed shall
 4 clearly identify the material and specifically indicate that the material is to be
 5 incorporated by reference to the item. No materials shall be incorporated by
 6 reference in any instance that the incorporation would render the statement
 7 incomplete, unclear, or confusing.

8 (2) If a filing requires a summary or outline of the provisions of any
 9 document, only a brief statement shall be made as to the pertinent provisions of the
 10 document. In addition to the brief statement, the summary or outline may
 11 incorporate, by reference, particular parts of any exhibit or document currently on
 12 file with the commissioner which was filed within three years and may be included
 13 in its entirety by the reference. ~~In any case where~~ If two or more documents required
 14 to be filed as exhibits are substantially identical in all material respects except as to
 15 the parties, the dates of execution, or other details, a copy of one of the documents
 16 shall be filed with a schedule identifying the omitted documents and setting forth the
 17 material details in which such documents differ from the documents filed.

 26 financial condition, as defined in regulations promulgated by the commissioner, or
 27 a condition that would be grounds for supervision, conservation, or a delinquency
 28 proceeding, the commissioner may require the insurer to secure and maintain either
 29 a deposit, held by the commissioner, or a bond, as determined by the insurer at the

1 insurer's discretion, for the duration of the contract or agreement or the existence of
2 the condition for which the commissioner required the deposit or the bond.

3 (ii) In determining whether a deposit or a bond is required, the commissioner
4 may consider whether concerns exist with respect to the affiliated person's ability
5 to fulfill the contract or agreement, if the insurer were to be put into liquidation.

6 (iii) Once the insurer is deemed to be in a hazardous financial condition or
7 a condition that would be grounds for supervision, conservation, or a delinquency
8 proceeding, such that a deposit or bond is necessary, the commissioner may
9 determine the amount of the deposit or bond, not to exceed the value of the contract

21 complete set of all records of any type that pertain to the insurer's business, obtain
22 access to the operating systems on which the data is maintained, obtain the software
23 that runs those systems either through assumption of licensing agreements or
24 otherwise, and restrict the use of the data by the affiliate if it is not operating the
25 insurer's business. The affiliate shall provide a waiver of any landlord lien or other
26 encumbrance to give the insurer access to all records and data, if the affiliate defaults
27 under a lease or other agreement.

28 (i) Premiums or other funds belonging to the insurer that are collected by or
29 held by an affiliate are the exclusive property of the insurer and are subject to the
30 control of the insurer. Any right of offset in the event an insurer is placed into

 2 the commissioner is authorized to use the documents, materials, or other information
 3 in the furtherance of any regulatory or legal action brought as a part of ~~the~~
 4 ~~commissioner's~~ his official duties. The commissioner shall not otherwise make the
 5 documents, materials, or other information public without the prior written consent
 6 of the insurer to which it pertains unless the commissioner, after giving the insurer
 7 and its affiliates who would be affected thereby notice and opportunity to be heard,
 8 determines that the interest of policyholders, shareholders, or the public will be
 9 served by the publication thereof, in which event the commissioner may publish all
 10 or any part in such manner as may be deemed appropriate.

11 (2) For purposes of the information reported and provided to the department
 12 pursuant to R.S. 22:691.6(M), the commissioner shall maintain the confidentiality
 13 of the group capital calculation and group capital ratio produced within the
 14 calculation and any group capital information received from an insurance holding
 15 company supervised by the United States Federal Reserve Board or any U.S. group-
 16 wide supervisor.

17 (3) For purposes of the information reported and provided to the department
 18 pursuant to R.S. 22:691.6(N), the commissioner shall maintain the confidentiality of
 19 the liquidity stress test results, supporting disclosures, and any liquidity stress test
 20 information received from an insurance holding company supervised by the United
 21 States Federal Reserve Board and group-wide supervisors not based in the United
 22 States.
