EXPENDITURE EXPLANATION

There will be an increase in state costs for the Department of Culture, Recreation and Tourism (CRT) to staff and operate the Dew Drop-America's Rock and Roll Museum. Because no such entity is currently operational and no start date is provided for in the proposed bill, CRT is unable to determine the potential costs.

Actual expenditures will depend upon the amount of state funds, if any, to construct a facility for the museum, as well as ongoing costs for staff and operational expenditures. There may be additional expenditures from self-generated revenues; however the exact amount is unknown. For illustrative purposes, the New Orleans Jazz Museum at the Old U.S. Mint has an operating budget of \$761,441 for FY 22. Costs include: \$270,644 for salaries; \$141,970 for related benefits; and \$348,827 for operating expenses such as utilities, telephone, janitorial services, supplies, computer equipment, and other purchases. CRT may incur ancillary costs to provide maintenance and administrative services, such as accounting, human resources, procurement, etc.

REVENUE EXPLANATION

There may be an increase in self-generated revenues from donations and grants; however the exact amount, if any, is unknown. To the extent the museum charges for admission, there will be additional self-generated revenues.
