Digest of the bill as proposed by the Conference Committee

Present law provides for the compulsory process related to requiring the appearance and testimony of witnesses that are located in another state, territory, district, or foreign

jurisdiction. Present law further provides that the rules concerning any deposition are to be governed by the law of the place where the deposition is to be taken.

Proposed law retains present law but creates an exception for an insurance claims adjuster who does not reside in Louisiana but who makes a physical appearance in this state to adjust an insurance claim.

Proposed law requires a nonresident insurance claims adjuster who adjusted the Louisiana claim to appear and testify at the trial in the parish or venue in which a civil suit is pending; and further requires that they be available for deposition by telephone or video teleconference.

Proposed law provides that a deposition of a nonresident insurance adjuster taken via telephone or video teleconference shall not be admissible as testimony at trial other than for the purpose of impeachment, or upon the showing of death or incapacity of the deponent.

Proposed law provides that "insurance claims adjuster" means those persons who are licensed or registered with the Dept. of Insurance to investigate or adjust claims on behalf of an insurance company as an independent contractor or an employee.

Proposed law does not apply to any insurance claim adjuster for an insurer domiciled in Louisiana.

Effective August 1, 2022.
