

## RÉSUMÉ DIGEST

**ACT 150 (HB 327)**

**2022 Regular Session**

**Thompson**

Existing law imposes and levies an assessment on all soybeans grown within the state.

New law prohibits the state from imposing and levying the assessment established in existing law while a similar national assessment established under federal law remains in effect. New law also requires the state to impose and levy the state assessment upon the suspension or termination of the national assessment established under federal law.

Effective upon signature of the governor (May 25, 2022).

(Amends R.S. 3:3553(A))
