

RÉSUMÉ DIGEST

ACT 722 (HB 963)

2022 Regular Session

Orgeron

New law requires public school governing authorities, including charter schools, to provide instruction on water safety as a part of the curriculum of an existing required course.

New law requires the state Dept. of Education (DOE) to establish and maintain a clearinghouse of materials and information relative to water safety instruction. Requires DOE to review the contents of the clearinghouse at least biannually and revise as necessary.

Effective August 1, 2022.

(Adds R.S. 17:267.1 and 3996(B)(67))
