Proposed law retains present law.

Present law provides for the powers and duties of the district, including but not limited to the following:

- (4) To enter into contracts with any public or private entity in carrying out its corporate objectives, including, but not limited to contracts for construction or acquisition of property and facilities incident to the purposes of the district.

Proposed law retains present law.

Present law authorizes the board to appoint, employ, and fix the salary of a full-time director of parks and recreation and to also employ and fix the salaries, duties, and responsibilities of an assistant director and such additional staff as necessary to operate park and recreational facilities and programs.

Proposed law retains present law but provides that the employees of the district shall become employees of Iberville Parish upon the adoption of an ordinance by the parish governing authority. Requires that the ordinance provide that the employees are subject to the same administrative rules and regulations as other parish employees and are eligible to receive compensation and benefits as provided for other parish employees. Authorizes any parish employee to perform services to, or on behalf of, the district pursuant to an intergovernmental agreement between the parish and the district.
