HB 330 Original 2023 Regular Session Mike Johnson

Abstract: Establishes a state and local sales and use tax exemption for the purchase, lease,
or rental of agricultural fencing materials and trailers by commercial farmers; repeals
a state sales tax rebate for the purchase by commercial farmers of certain agricultural
fencing materials.

Proposed law provides that no state or local sales and use tax shall apply to the purchase,
lease, or rental by commercial farmers of agricultural fencing materials or trailers.
Stipulates, however, that no exemption shall be granted for any purchase for which a sales
tax rebate was issued in accordance with present law (R.S. 47:305.77).

Proposed law provides the following definitions for purposes of proposed law:

CODING: Words in struck through type are deletions from existing law; words underscored
are additions.
"Agricultural fencing materials" means materials used for the enclosure of lands used for agricultural purposes in the production of food and fiber.

"Commercial farmer" has the same meaning as provided in present law (R.S. 47:301).

"Trailer" means any vehicle which meets the definition of "trailer" provided in present law (R.S. 32:1) and is purchased, leased, or rented by a commercial farmer for exclusive use in agricultural production or to transport farm products from his farm to a place where he transfers ownership of the farm products to another.

Proposed law establishing the state and local sales and use tax exemption becomes effective Aug. 1, 2023, and applies to taxable periods beginning on or after that date.

Present law (R.S. 47:305.77) provides for a state sales and use tax rebate for agricultural fencing materials purchased on or before Dec. 31, 2022, by commercial farmers recovering from certain hurricanes that impacted this state in 2020 and 2021. Allows farmers to apply for the rebate until Dec. 31, 2023, and provides that no rebates shall be issued for applications submitted after that date. Effective Aug. 1, 2024, proposed law repeals present law.
