<b>Subject:</b> Cosmetology Licensure Fees	

COSMETOLOGY OR INCREASE SG RV See Note Page 1 of 1  
 Provides relative to cosmetology licensure fees

Proposed law allows the Board of Cosmetology to provide compensation to administrators of the licensure exam beyond the \$100 per diem in present law and requires the board to reimburse them for expenses incurred in the discharge of their duties. Proposed law provides that examinations for special permits by the Board of Cosmetology shall be scheduled following receipt of an application for a special permit. Proposed law provides that fees are nonrefundable. Proposed law replaces current fees for initial licensure and renewal of licensure with a single fee for licensure or renewal of all licenses, permits, and certificates of registration. Proposed law allows for biannual renewal of a salon or beauty shop license. Proposed law removes differentiation of fees between residents and nonresidents. Proposed law reduces the cosmetology school certificate fee for nonresidents by setting them at the current residential rates. Proposed law eliminates provision of present law requiring a \$100 per diem be paid to board members.

**EXPENDITURE EXPLANATION**

Proposed law will have an indeterminable impact on SGR expenditures by the Board of Cosmetology. If the board increases compensation for exam administrators as a result of the proposed law, SGR expenditures will increase. However, the elimination of the \$100 per diem for board members will result in a decrease in annual costs of up to \$9,600 (8 members x 12 meetings x \$100).

**REVENUE EXPLANATION**

Proposed law will result in an increase in annual SGR revenues to the Board of Cosmetology due to the revision of the license fee schedule. The amount of the increase is indeterminable and will depend upon the number of licenses issued and renewed each year. For informational purposes, the board has provided data on the number of licenses which have been issued or renewed in the current year, which is shown in the table below along with the new license fees specified by the proposed law:

<b>License Type</b>	<b>Licenses</b>	<b>Current Rate</b>	<b>New Rate</b>	<b>Difference</b>	<b>Total Change</b>
Resident License	31,836	\$25	\$40	\$15	\$477,540
Resident Salon	4,472	\$30	\$40	\$10	\$44,720
Nonresident License	913	\$50	\$40	(\$10)	(\$9,130)
<u>Nonresident Salon</u>	118	\$65	\$40	(\$25)	<u>(\$2,950)</u>
<b>Total</b>					<b>\$510,180</b>

However, these figures do not include delinquent licenses which have not yet been renewed. As a result, the actual increase in revenues will likely be higher than the amount shown above. In addition, the proposed law provides that the salon license fee may optionally be paid biannually for \$80 (in lieu of the annual renewal fee of \$40) and increases the initial inspection fee from \$25 to \$40, which will have an indeterminable impact on the amount of revenues received from year to year.

Finally, the proposed law also reduces initial and annual cosmetology school registration fees for nonresident schools by \$300; however, any decrease in revenue due to this change is not expected to be significant. For informational purposes, the board's website lists 45 approved cosmetology schools in the state of Louisiana.
