HOUSE BILL NO. 1

BY REPRESENTATIVE ZERINGUE

## APPROPRIATIONS: Provides for the ordinary operating expenses of state government for Fiscal Year 2023-2024

1	AN ACT
2	Making annual appropriations for Fiscal Year 2023-2024 for the ordinary expenses of the
3	executive branch of state government, pensions, public schools, public roads, public
4	charities, and state institutions and providing with respect to the expenditure of said
5	appropriations.
6	Be it enacted by the Legislature of Louisiana:
7	Section 1. The appropriations in this Act from state revenue shall be payable out of the
8	sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
9	Louisiana Constitution.
10	Section 2.A. All money from federal, interagency, statutory dedications, or self-
11	generated revenues shall be available for expenditure in the amounts herein appropriated.
12	Any increase in such revenues shall be available for allotment and expenditure by an agency
13	on approval of an increase in the appropriation by the commissioner of administration and
14	the Joint Legislative Committee on the Budget. Any increase in such revenues for an agency
15	without an appropriation from the respective revenue source shall be incorporated into the
16	agency's appropriation on approval of the commissioner of administration and the Joint
17	Legislative Committee on the Budget. In the event that these revenues should be less than
18	the amount appropriated, the appropriation shall be reduced accordingly. To the extent that
19	such funds were included in the budget on a matching basis with state funds, a corresponding
20	decrease in the state matching funds may be made. Any federal funds which are classified
21	as disaster or emergency may be expended prior to approval of a BA-7 by the Joint

Legislative Committee on the Budget upon the secretary's certifying to the governor that any delay would be detrimental to the state. The Joint Legislative Committee on the Budget shall be notified in writing of such declaration and shall meet to consider such action, but if it is found by the committee that such funds were not needed for an emergency expenditure, such approval may be withdrawn and any balance remaining shall not be expended.

B. The commissioner of administration is hereby authorized and directed to correct the
means of financing and expenditures for any appropriation contained in Schedule 20-901
Sales Tax Dedications to reflect current law enacted in any session of the Legislature which
affects any such means of financing or expenditure.

11 C. Notwithstanding any provision of law or this Act to the contrary, no funds herein 12 appropriated or authorized later through a BA-7 in any means of finance may be used for a 13 contact tracing program that mandates participation by an individual or business entity in the 14 state of Louisiana.

15 Section 3.A. Notwithstanding any other law to the contrary, the functions of any 16 department, agency, program, or budget unit of the executive branch, except functions in 17 departments, agencies, programs, or budget units of other statewide elected officials, may 18 be transferred to a different department, agency, program, or budget unit for the purpose of 19 economizing the operations of state government by executive order of the governor. 20 Provided, however, that each such transfer must, prior to implementation, be approved by 21 the commissioner of administration and Joint Legislative Committee on the Budget. Further, 22 provided that no transfers pursuant to this Section shall violate the provisions of Title 36, 23 Organization of the Executive Branch of State Government.

B. In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of mid-year adjustments. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

1 C. Notwithstanding any other law to the contrary and before the commissioner of 2 administration shall authorize the purchase of any luxury or full-size motor vehicle for 3 personal assignment by a statewide elected official other than the governor and lieutenant 4 governor, such official shall first submit the request to the Joint Legislative Committee on 5 the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such 6 vehicles as defined or used in rules or guidelines promulgated and implemented by the 7 Division of Administration.

8 D. Notwithstanding any provision of law to the contrary, each agency which has 9 contracted with outside legal counsel for representation in an action against another agency, 10 shall submit a detailed report of all litigation costs incurred and payable to the outside 11 counsel to the commissioner of administration, the legislative committee charged with 12 oversight of that agency, and the Joint Legislative Committee on the Budget. The report 13 shall be submitted on a quarterly basis, each January, April, July, and October, and shall 14 include all litigation costs paid and payable during the prior quarter. For purposes of this 15 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the 16 agency and of the other party if the agency was required to pay such costs and fees. The 17 commissioner of administration shall not authorize any payments for any such contract until 18 such report for the prior quarter has been submitted.

E. Notwithstanding any provision of law to the contrary, each agency may use a portion of its appropriations contained in this Act for the expenditure of funds for salaries and related benefits for smoking cessation wellness programs, including pharmacotherapy and behavioral counseling for state employees of the agency.

Section 4. Each schedule as designated by a five-digit number code for which an
appropriation is made in this Act is hereby declared to be a budget unit of the state.

25 Section 5.A. The program descriptions, account descriptions, general performance 26 information, and the role, scope, and mission statements of postsecondary education 27 institutions contained in this Act are not part of the law and are not enacted into law by 28 virtue of their inclusion in this Act.

B. All key and supporting performance objectives and indicators for the departments,
agencies, programs, and budget units contained in the Governor's Executive Budget

Supporting Document shall be adjusted by the commissioner of administration to reflect the
 funds appropriated therein. The commissioner of administration shall report on these
 adjustments to the Joint Legislative Committee on the Budget by August 15 of the current
 fiscal year.

5 C. The discretionary and nondiscretionary allocations if contained in this Act are 6 provided in accordance with R.S. 39:51(A)(3) and are to provide information to assist in 7 legislative decision making and shall not be construed to limit the expenditures or means of 8 financing of an agency, budget unit, or department to the discretionary or nondiscretionary 9 amounts contained in this Act.

10 D. The expenditure category allocations contained in this Act are provided for 11 informational purposes only from the Governor's Executive Budget supporting documents 12 in accordance with R.S. 39:51(C) and are to provide information to assist in legislative 13 decision making and shall not be construed to limit the expenditures or means of financing 14 of an agency, budget unit, or department to the expenditure category amounts contained in 15 this Act. The commissioner of administration shall notify the Joint Legislative Committee 16 on the Budget of the initial allocation of expenditures and means of financing for the 17 personal services expenditure category at the same time he reports initial expenditure 18 allocations as required by R.S. 39:57.1.

E. The incentive programs, expenditures, and benefits contained in this Act are provided in accordance with R.S. 39:51(A)(2) and are not included as, nor counted towards, the operating expenses of the department, agency, or authority.

F. The prior year budget and positions contained in this Act are provided in accordance with R.S. 39:51 and are to provide information to assist in legislative decision making and shall not be construed as additional expenditures, means of financing, or positions of an agency, budget unit, or department.

Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between departments or schedules receiving appropriations. However, any unencumbered funds which accrue to an appropriation within a department or schedule of this Act due to policy, programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner of administration and the Joint Legislative Committee on the Budget, be transferred to any

1 other appropriation within that same department or schedule. Each request for the transfer 2 of funds pursuant to this Section shall include full written justification. The commissioner 3 of administration, upon approval by the Joint Legislative Committee on the Budget, shall 4 have the authority to transfer between departments funds associated with lease agreements 5 between the state and the Office Facilities Corporation. The commissioner of administration 6 shall, in accordance with R.S. 15:827.3, transfer between departments or schedules of this 7 Act any unencumbered funds which accrue to an appropriation due to the prior year savings 8 achieved as a result of legislation relative to the criminal justice system enacted in the 2017 9 Regular Session of the Legislature.

10 B. In conjunction with the continuing assessment of the existing staff, assets, contracts, 11 and facilities of each department, agency, program or budget unit's information technology 12 resources and procurement resources, upon completion of this assessment and to the extent 13 optimization of these resources will result in the projected cost savings through staff 14 reductions, realization of operational efficiencies, cost avoidance, and elimination of asset 15 duplication, the commissioner of administration is authorized to transfer the functions, 16 positions, assets, and funds from any other department, agency, program, or budget units 17 related to these optimizations to a different department. The provisions of this Subsection 18 shall not apply to the Department of Culture, Recreation and Tourism, or any agency 19 contained in Schedule 04, Elected Officials, of this Act.

C. The commissioner of administration shall review all existing leases for office and warehouse space and compare the rent per square foot of such space to the market rent of similar space in the same market. The commissioner of administration is authorized and directed to renegotiate all leases that are in excess of the market rent to bring the rent in line with the market rent. The commissioner of administration, upon approval of the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds from any savings from renegotiated leases.

Section 7. The state treasurer is hereby authorized and directed to use any available funds on deposit in the state treasury to complete the payment of General Fund appropriations for the current fiscal year. In order to conform to the provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in accordance with the agreement

executed between the state and Financial Management Services, a division of the U.S.
 Treasury, the state treasurer is hereby authorized to release checks drawn on federally funded

3 appropriations prior to the receipt of funds from the U.S. Treasury.

4 Section 8.A.(1) The figures in parentheses following the designation of a program are 5 the total authorized positions and authorized other charges positions for that program. If 6 there are no figures following a department, agency, or program, the commissioner of 7 administration shall have the authority to set the number of positions.

8 (2) The commissioner of administration, upon approval of the Joint Legislative 9 Committee on the Budget, shall have the authority to transfer positions between departments, 10 agencies, or programs or to increase or decrease positions and associated funding necessary 11 to effectuate such transfers.

12 (3) The number of authorized positions and authorized other charges positions approved 13 for each department, agency, or program as a result of the passage of this Act may be 14 increased by the commissioner of administration in conjunction with the transfer of 15 functions or funds to that department, agency, or program when sufficient documentation 16 is presented and the request deemed valid.

17 (4) The number of authorized positions and authorized other charges positions approved in this Act for each department, agency, or program may also be increased by the 18 19 commissioner of administration when sufficient documentation of other necessary 20 adjustments is presented and the request is deemed valid. The total number of such positions 21 so approved by the commissioner of administration may not be increased in excess of three 22 hundred fifty. However, any request which reflects an annual aggregate increase in excess 23 of twenty-five positions for any department, agency, or program must also be approved by 24 the Joint Legislative Committee on the Budget.

B. Orders from the Civil Service Commission or its designated referee which direct an
agency to pay attorney fees for a successful appeal by an employee may be paid out of an
agency's appropriation from the expenditure category professional services; provided,
however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
in accordance with Civil Service Rule 13.35(a).

1 C. The budget request of any agency with an appropriation level of thirty million dollars 2 or more shall include, within its existing table of organization, positions which perform the 3 function of internal auditing, including the position of a chief audit executive. The chief 4 audit executive shall be responsible for ensuring that the internal audit function adheres to 5 the Institute of Internal Auditors, International Standards for the Professional Practice of 6 Internal Auditing. The chief audit executive shall maintain organizational independence in 7 accordance with these standards and shall have direct and unrestricted access to the 8 commission, board, secretary, or equivalent head of the agency. The chief audit executive 9 shall certify to the commission, board, secretary, or equivalent head of the agency that the 10 internal audit function conforms to the Institute of Internal Auditors, International Standards 11 for the Professional Practice of Internal Auditing.

D. In the event that any cost assessment allocation proposed by the Office of Group Benefits becomes effective during the current fiscal year, each budget unit contained in this Act shall pay out of its appropriation an amount no less than 75% of total premiums for all active employees and those retirees with Medicare in accordance with R.S. 42:851(D)(1) for the state basic health insurance indemnity program.

E. In the event that any cost allocation or increase recommended by the Public Retirement Systems' Actuarial Committee through adoption of a valuation submitted to the Joint Legislative Committee on the Budget and the House and Senate committees on retirement becomes effective before or during the current fiscal year, each budget unit shall pay out of its appropriation funds necessary to satisfy the requirements of such increase.

Section 9. In the event the governor shall veto any line item expenditure and such veto shall be upheld by the legislature, the commissioner of administration shall withhold from the department's, agency's, or program's funds an amount equal to the veto. The commissioner of administration shall determine how much of such withholdings shall be from the State General Fund.

27 Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of 28 the Louisiana constitution, if at any time during the current fiscal year the official budget 29 status report indicates that appropriations will exceed the official revenue forecast, the 30 governor shall have full power to reduce appropriations in accordance with R.S. 39:75. The

governor shall have the authority to make adjustments to other means of financing and
 positions necessary to balance the budget as authorized by R.S. 39:75(C).

B. The governor shall have the authority within any month of the fiscal year to direct the commissioner of administration to disapprove warrants drawn upon the state treasury for appropriations contained in this Act which are in excess of amounts approved by the governor in accordance with R.S. 39:74.

C. The governor may also, and in addition to the other powers set forth herein, issue
executive orders in a combination of any of the foregoing means for the purpose of
preventing the occurrence of a deficit.

Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner of administration shall make such technical adjustments as are necessary in the interagency transfers means of financing and expenditure categories of the appropriations in this Act to result in a balance between each transfer of funds from one budget unit to another budget unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this balance and shall in no way have the effect of changing the intended level of funding for a program or budget unit of this Act.

17 Section 12.A. For the purpose of paying appropriations made herein, all revenues due 18 the state in the current fiscal year shall be credited by the collecting agency to the current 19 fiscal year provided such revenues are received in time to liquidate obligations incurred 20 during the current fiscal year.

B. A state board or commission shall have the authority to expend only those funds that
are appropriated in this Act, except those boards or commissions which are solely supported
from private donations or which function as port commissions, levee boards or professional
and trade organizations.

Section 13.A. Notwithstanding any other law to the contrary, including any provision of any appropriation act or any capital outlay act, no constitutional requirement or special appropriation enacted at any session of the legislature, except the specific appropriations acts for the payment of judgments against the state, of legal expenses, and of back supplemental pay, the appropriation act for the expenses of the judiciary, and the appropriation act for expenses of the legislature, its committees, and any other items listed therein, shall have preference and priority over any of the items in the General Appropriation Act or the Capital
 Outlay Act for any fiscal year.

B. In the event that more than one appropriation is made in this Act which is payable from any specific statutory dedication, such appropriations shall be allocated and distributed by the state treasurer in accordance with the order of priority specified or provided in the law establishing such statutory dedication and if there is no such order of priority such appropriations shall be allocated and distributed as otherwise provided by any provision of law including this or any other act of the legislature appropriating funds from the state treasury.

10 C. In accordance with R.S. 49:314(B)(1) and (2) appropriations from the Transportation 11 Trust Fund in the General Appropriation Act and the Capital Outlay Act shall have equal 12 priority. 18 Section 14. Pay raises or supplements provided for by this Act shall in no way supplant 19 any local or parish salaries or salary supplements to which the personnel affected would be 20 ordinarily entitled.

21 Section 15. Any unexpended or unencumbered reward monies received by any state 22 agency during prior fiscal years pursuant to the Exceptional Performance and Efficiency 23 Incentive Program may be carried forward for expenditure from the prior fiscal year to the 24 current fiscal year, in accordance with the respective resolution granting the reward. The 25 commissioner of administration shall implement any internal budgetary adjustments 26 necessary to effectuate incorporation of these monies into the respective agencies' budgets 27 for the current fiscal year, and shall provide a summary list of all such adjustments to the Joint Legislative Committee on the Budget by August 31 of the current fiscal year. 28

Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act
for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions

shall not affect the remaining provisions of the Act, and the legislature hereby declares that
 it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part
 thereof, irrespective of the fact that one or more of the sections, subsections, clauses,
 sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the
 provisions of this Act are hereby declared severable.

6 Section 17.A. All BA-7 budget transactions, including relevant changes to performance 7 information, submitted in accordance with this Act or any other provisions of law which 8 require approval by the Joint Legislative Committee on the Budget or joint approval by the 9 commissioner of administration and the Joint Legislative Committee on the Budget shall be 10 submitted to the commissioner of administration, Joint Legislative Committee on the 11 Budget, and Legislative Fiscal Office a minimum of sixteen working days prior to 12 consideration by the Joint Legislative Committee on the Budget. Each submission must 13 include full justification of the transaction requested, but submission in accordance with this 14 deadline shall not be the sole determinant of whether the item is actually placed on the 15 agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not 16 submitted in accordance with the provisions of this Section shall be considered by the 17 commissioner of administration and Joint Legislative Committee on the Budget only when 18 extreme circumstances requiring immediate action exist.

19 B. Notwithstanding any contrary provision of this Act or any contrary provision of law, 20 no funds appropriated by this Act shall be released or provided to any recipient of an 21 appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to 22 comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse 23 to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension 24 of time granted by the legislative auditor or the Legislative Audit Advisory Council. The 25 legislative auditor may grant a recipient, for good cause shown, an extension of time to 26 comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may 27 grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient 28 entities of an appropriation contained in this Act with recommendation by the legislative 29 auditor pursuant to R.S. 39:72.1.

Section 18.A. Funds appropriated to auxiliary accounts herein shall be from prior and
 current year collections, with the exception of State General Fund (Direct). Further provided
 with regard to auxiliary funds, that excess cash funds, excluding cash funds arising from
 working capital advances, shall be invested by the state treasurer with the interest proceeds
 therefrom credited to each account and not transferred to the State General Fund. This Act
 shall be subject to all conditions set forth in Title 39 of the Louisiana Revised Statutes of
 1950 as amended.

8 B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public 9 agency or entity which is not a budget unit of the state unless the intended recipient of those 10 funds submits, for approval, a comprehensive budget to the legislative auditor and the 11 transferring agency showing all anticipated uses of the appropriation, an estimate of the 12 duration of the project, and a plan showing specific goals and objectives for the use of such 13 funds, including measures of performance. In addition, and prior to making such 14 expenditure, the transferring agency shall require each recipient to agree in writing to 15 provide written reports to the transferring agency at least every six months concerning the 16 use of the funds and the specific goals and objectives for the use of the funds. In the event 17 the transferring agency determines that the recipient failed to use the funds set forth in its 18 budget within the estimated duration of the project or failed to reasonably achieve its 19 specific goals and objectives for the use of the funds, the transferring agency shall demand 20 that any unexpended funds be returned to the state treasury unless approval to retain the 21 funds is obtained from the division of administration and the Joint Legislative Committee 22 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the 23 amount of the public funds received by the provider is below the amount for which an audit 24 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of 25 the funds to ensure effective achievement of the goals and objectives. The transferring 26 agency shall forward to the legislative auditor, the division of administration, and the Joint 27 Legislative Committee on the Budget a report showing specific data regarding compliance with this Section and collection of any unexpended funds. This report shall be submitted no 28 29 later than May 1 of the current fiscal year.

(2) Transfers to public or quasi-public agencies or entities that have submitted a budget
 request to the division of administration in accordance with Part II of Chapter 1 of Subtitle
 1 of Title 39 of the Louisiana Revised Statutes of 1950 and transfers authorized by specific
 provisions of the Louisiana Revised Statutes of 1950 and the Constitution of the State of
 Louisiana to local governing authorities shall be exempt from the provisions of this
 Subsection.

(3) Notwithstanding any other provision of law or this Act to the contrary, if the name
of an entity subject to this Subsection is misspelled or misstated in this Act or any other Act,
the state treasurer may pay the funds appropriated to the entity without obtaining the
approval of the Joint Legislative Committee on the Budget, but only after the entity has
provided proof of its correct legal name to the state treasurer and transmitted a copy to the
staffs of the House Committee on Appropriations and the Senate Committee on Finance.

C. All departments containing appropriations out of means of financing designated as
 coming from prior and current year collections shall report all prior year balances to the Joint
 Legislative Committee on the Budget at its first meeting held after October 15 of the current
 fiscal year.

D. All departments receiving appropriations in this Act shall spend all other means of finance prior to spending any State General Fund (Direct), whenever possible, and shall reverse warrant any State General Fund (Direct) if any other means of finance becomes available prior to the end of the fiscal year to the greatest extent permissible by law.

21 Section 19. The following sums or so much thereof as maybe necessary are hereby 22 appropriated out of any monies in the state treasury from the sources specified; from federal 23 funds payable to the state by the United States Treasury; or from funds belonging to the State 24 of Louisiana and/or collected by boards, commissions, departments, and agencies thereof, 25 for purposes specified herein for the current fiscal year. This Act shall be subject to all 26 conditions and set forth in Title 39 of the Louisiana Revised Statutes of 1950 as amended. 27 Section 20. In addition to all other reductions required by this Act, the commissioner of 28 administration is hereby authorized and directed to reduce the total State General Fund 29 (Direct) appropriations in this Act for all departments by (\$95,000,000). Such reduction 30 shall not apply to any appropriation in this Act to a board established pursuant to Article VIII 1 of the Constitution of Louisiana or to any budget unit within Special Schools and

Not more than six million dollars may be transferred pursuant to this authority. The 39 secretary and the commissioner shall promptly notify the Joint Legislative Committee on the 40 Budget of any such transfer.
