Proposed law provides for the creation of an economic development district that includes property owned by SU and LSU. The purpose of such a district is to provide for cooperative economic and community development among the district, the colleges, the parish or municipal governing authority, the state, and the owners of property in the district. The parish or municipal governing authority shall establish the boundaries of a district in the ordinance creating it; such boundaries may be changed and are not required to be contiguous.

Proposed law provides that such a district is governed by a board of commissioners, comprised as follows:

- (1) The highest executive officer of the college.
- (2) Four persons appointed by the highest executive officer of the college.

Proposed law provides that two of the members of the board shall be representatives from business within the district. For the Southern University Economic Development District one of the business representatives shall be from the largest commercial landowner within the district.

Proposed law provides that commissioners serve five-year terms, with vacancies filled in the manner of the original appointment. Provides that the president shall serve as long as he is president of the university. Two members shall serve an initial term of two years, and two members shall serve an initial term of three years, as determined by lot at the first meeting of the board. However, if an appointment to fill a vacancy is not made within 60 days, the board shall appoint an interim successor to serve until the position is filled by the appointing authority. Authorizes removal of a commissioner for cause by a 3/4 vote of the board. Provides that commissioners serve without compensation but authorizes reimbursement of expenses.

Proposed law provides that the official journal of such a district is the official journal of the parish where the domicile of the board is located. Provides that a district created pursuant to proposed law is a political subdivision of the state and has the powers of a political subdivision. Provides that such powers include the power:

- (1) To develop public improvement projects for the benefit of the respective college, either directly with the respective college or through one or more private foundations or nonprofit corporations affiliated with the respective college, or both.
- (2) To exercise the powers granted to an economic development district established pursuant to present law. (Present law authorizes such a district to utilize tax increment financing. Further

authorizes a district to levy ad valorem taxes up to five mills, sales taxes up to 2%, and hotel occupancy taxes up to 2%, all subject to voter approval unless there are no voters in the district.)

- (3) To exercise the powers granted to a community development district established pursuant present law. (Present law authorizes such a district to finance, construct, and operate various public facilities and authorizes the levy of special property assessments, based on proportionate benefit from the facility, to fund such activities.)

Proposed law provides procedures for the levy of any tax or assessment, including a requirement for voter approval unless there are no voters in the district. If a district is expanded to include an area where qualified electors reside, proposed law prohibits collection of a tax in the added area unless the qualified electors of that added area approve the tax.

Proposed law authorizes such a district to create subdistricts which are governed by the board of commissioners and have the same powers as the district.

Proposed law authorizes the district to issue bonds and to otherwise incur debt. Provides requirements and procedures therefor.

Proposed law provides that such a district shall dissolve and cease to exist upon the later to occur of either one year after the date on which all debt of the district is paid in full or 50 years from the creation of the district.

Effective upon signature of the governor or lapse of time for gubernatorial action.
