EXPENDITURE EXPLANATION

The proposed law requires any foreign adversaries owning agricultural land within the state to report conveyances to the Secretary of State and the Attorney General no later than 30 days after an acquisition, sale, or transfer.

Secretary of State - Under the proposed law, the Secretary of State must develop the form to report conveyances and accept report filings. The Secretary of State has indicated the duties required under this measure can likely be accomplished by utilizing existing resources. The Legislative Fiscal Office presumes the Secretary of State will assess filing fees to help defray any costs.

Attorney General/Department of Justice - The proposed law requires the Attorney General to review report filings and investigate all acquisitions, sales, and transfers that he believes violate the proposed law. The department reports the Public Protection Division, which is tasked with enforcement, could require a new section and four (4) new employees. The staffing estimates for the new section include salaries and related benefits (\$372,916). Other recurring costs include travel (\$4,500), supplies (\$2,000), operating services (\$28,000), and acquisitions beginning in FY 25. One-time expenditures are acquisitions of office furniture and computer equipment (\$17,808). In subsequent fiscal years, the fiscal note presumes a 4% increase in salaries for market rate adjustments and related benefits as the LFO presumes positions will be classified.

| Total Expenditures | \$425,224 | \$425,393 | \$442,212 | \$460,514 | \$478,635 |

The LFO cannot corroborate the increased workload predicted by the department. To the extent the additional workload is less than what the Attorney General anticipates, the additional workload may be absorbable, either wholly or partially, using existing staff and resources or may be achievable with fewer than four positions.

REVENUE EXPLANATION

Proposed law requires the Secretary of State to accept report filings on acquisitions, sales, or transfers of agricultural land by foreign adversaries. The Legislative Fiscal Office presumes these report filings will be subject to same fee schedule assessed by the Secretary of State to commercial entities for filing business documents.
