Present constitution further restricts appropriations from the fund in such circumstances to a maximum of 10% of the fund balance. Proposed constitutional amendment restricts appropriations from the fund in such circumstances to a maximum aggregate of 10% of the fund balance. Present constitution authorizes use of monies in the fund in such circumstances for capital outlay projects and transportation infrastructure. Proposed constitutional amendment authorizes use of monies in the fund for capital outlay projects, transportation infrastructure, or both.

Present constitution authorizes the legislature to appropriate from the fund in case of emergency regardless of the fund balance and without a maximum cap on withdrawals. Proposed constitutional amendment removes the ability of the legislature to spend in an emergency without a maximum cap on withdrawals. Proposed constitutional amendment provides for the funds in the Revenue Stabilization Fund to be used to offset deficits in the current or next fiscal year. Additionally, requires the consent of 2/3 of the legislature for such appropriation and institutes a maximum withdrawal of \$250 million for each such deficit.

Present constitution authorizes the legislature to alter the minimum fund balance or maximum withdrawal percentage by law with a 2/3 vote. Proposed constitutional amendment authorizes the legislature to alter the minimum fund balance, the maximum withdrawal percentage, or both by law with a 2/3 vote. Additionally, authorizes the legislature to alter the maximum amount that may be withdrawn in the event of a deficit by law with a 2/3 vote.
