EXPENDITURE EXPLANATION

Proposed constitutional amendment will increase SGF expenditures by \$3.6 M in FY 26 in Schedule 20-966 Supplemental Pay as a result of adding EMS practitioners to the list of public employees that receive state supplemental pay. Each eligible EMS practitioner would receive \$500 per month or \$6,000 annually (\$500 per month x 12 months). Currently, the number of full-time EMS practitioners employed by parishes and municipalities that operate EMS services is 610. Under the proposed law, if all 610 EMS practitioners are eligible to receive supplemental pay, the cost would be \$3,660,000 annually (610 EMS practitioners x \$6,000). The fiscal impact of this measure in FY 26 and subsequent fiscal years depends on the number of eligible EMS practitioners receiving supplemental pay.

Proposed constitutional amendment will increase Local Funds expenditures by an indeterminable amount as state supplemental payments are included in the pensionable earnings used in the calculation of retirement benefits.

Note: The enabling legislation is in companion bill HB 100. If enacted into law, this proposed constitutional amendment on EMS practitioners receiving state supplemental pay will be on the official ballot for the October 14, 2023 statewide election. Also, SB 33 amends the statutes to increase the amount of state supplemental pay by \$100 per month. The \$100 increase would bring the current state supplemental payment amount for firefighters from \$6,000 per year to \$7,200 per year. If SB 33 is enacted into law and voters approve this proposed constitutional amendment, this measure would increase annual SGF expenditures by another \$732,000 (610 EMS practitioners x \$100 monthly increase x 12 months) beginning in FY 26.
