HOUSE BILL NO. 388

BY REPRESENTATIVE ZERINGUE

1 AN ACT

2 To provide for the establishment and reestablishment of agency ancillary funds, to be  
3 specifically known as internal service funds, auxiliary accounts, or enterprise funds  
4 for certain state institutions, officials, and agencies; to provide for appropriation of  
5 funds for Fiscal Year 2023-2024; to provide for an effective date; and to regulate the  
6 administration of said funds.

7 Be it enacted by the Legislature of Louisiana:

8 Section 1. There are hereby appropriated the amounts shown below, which shall be  
9 payable out of the state general fund, to the extent of funds deposited, unless otherwise  
10 specified, for the establishment and reestablishment of agency ancillary funds which shall  
11 be specifically known as internal service funds, auxiliary accounts, or enterprise funds. The  
12 monies in each fund shall be used for working capital in the conduct of business enterprises  
13 rendering public service, auxiliary service, and interagency service.

14 In the conduct of each such business, receipts shall be deposited in the state treasury  
15 and disbursements made by the state treasurer to the extent of the amount deposited to the  
16 credit of each ancillary fund, for the current fiscal year. All funds appropriated herein shall  
17 be expended in compliance with the public bid laws of the state.

18 Section 2.A. Except as otherwise provided by law or as herein otherwise provided,  
19 any fund equity resulting from prior year operations shall be included as a resource of the  
20 fund from which the ancillary fund is directly or indirectly derived.

21 B. Funds on deposit with the state treasury at the close of the fiscal year are  
22 authorized to be transferred to each fund respectively, as equity for the next fiscal year.

1 All unexpended cash balances as of June 30, 2024, shall be remitted to the state  
 2 treasurer on or before August 14, 2024. If not reestablished in the subsequent year's Act, the  
 3 agency must liquidate all assets and return all advances no later than August 14, 2024.

4 C. The program descriptions contained in this Act are not part of the law and are not  
 5 enacted into law by virtue of their inclusion into this Act.

6 Section 3. All money from federal, interagency transfers, statutory dedications, or  
 7 fees and self-generated revenues shall be available for expenditure in the amounts herein  
 8 appropriated.

9 Any increase in such revenues shall be available for allotment and expenditure by  
 10 an agency on approval of an increase in the appropriation by the commissioner of  
 11 administration and the Joint Legislative Committee on the Budget. Any increase in such  
 12 revenues for an agency without an appropriation from the respective revenue source shall  
 13 be incorporated into the agency's appropriation on approval of the commissioner of  
 14 administration and the Joint Legislative Committee on the Budget.

15 Section 4.A. The figures in parentheses following the designation of a budget entity  
 16 are the total authorized positions and authorized other charges positions for that entity. The  
 17 number of employees approved for each agency, as a result of the passage of this Act, may  
 18 be increased by the commissioner of administration when sufficient documentation is  
 19 presented and the request is deemed valid. However, any request which exceeds five  
 20 positions shall be approved by the commissioner of administration and the Joint Legislative  
 21 Committee on the Budget.

22 B. The budget request of any agency with an appropriation level of thirty million  
 23 dollars or more shall include within its existing table of organization positions which  
 24 perform the function of internal auditing, including the position of a chief audit executive.  
 25 The chief audit executive shall be responsible for ensuring that the internal audit function  
 26 adheres to the Institute of Internal Auditors, International Standards for the Professional  
 27 Practice of Internal Auditing. The chief audit executive shall maintain organizational  
 28 independence in accordance with these standards and shall have direct and unrestricted  
 29 access to the commission, board, secretary, or equivalent head of the agency. The chief  
 30 audit executive shall certify to the commission, board, secretary, or equivalent head of the

1 agency that the internal audit function conforms to the Institute of Internal Auditors,  
 2 International Standards for the Professional Practice of Internal Auditing.

3 Section 5. All key and supporting performance objectives and indicators for the  
 4 departments, agencies, programs, and budget units contained in the Governor’s Executive  
 5 Budget Supporting Document shall be adjusted by the commissioner of administration to  
 6 reflect the funds appropriated therein. The commissioner of administration shall report on  
 7 these adjustments to the Joint Legislative Committee on the Budget each year by August  
 8 fifteenth.

9 Section 6. The following definition is provided for the terms of this Act: "working  
 10 capital" shall be considered the excess of current assets over current liabilities on an accrual  
 11 basis.

12 Section 7. Should any section, subsection, clause, sentence, phrase, or part of the Act  
 13 for any reason be held, deemed, or construed to be unconstitutional or invalid, such decisions  
 14 shall not affect the remaining provisions of the Act, and the legislature hereby declares that  
 15 it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part  
 16 thereof, irrespective of the fact that one or more of the sections, subsections, clauses,  
 17 sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the  
 18 provisions of this Act are hereby declared severable.

19 Section 8. Internal Service Funds. These funds account for the financing of goods  
 20 or services provided by one department or agency to other departments or agencies of the  
 21 governmental unit, or to other governmental units, on a cost-reimbursement basis. Excess  
 22 cash funds, excluding cash funds arising from working capital advances, shall be invested  
 23 by the state treasurer with the interest proceeds therefrom credited to each account and shall  
 24 not be transferred to the state general fund.

25 Section 9. In conjunction with the continuing assessment of the existing staff, assets,  
 26 contracts, and facilities of each department, agency, program or budget unit’s information  
 27 technology resources and procurement resources, upon completion of this assessment and  
 28 to the extent optimization of these resources will result in the projected cost savings through  
 29 staff reductions, realization of operational efficiencies, cost avoidance, and elimination of  
 30 asset duplication, the commissioner of administration is authorized to transfer the functions,  
 31 positions, assets, and funds from any other department, agency, program, or budget units

1 related to these optimizations to a different department. The provisions of this Section shall  
 2 not apply to the Department of Culture, Recreation and Tourism, or any agency contained  
 3 in Schedule 04, Elected Officials, of the General Appropriation Act.
