HOUSE BILL NO. 1

BY REPRESENTATIVE ZERINGUE

1 AN ACT 2 Making annual appropriations for Fiscal Year 2023-2024 for the ordinary expenses of the 3 executive branch of state government, pensions, public schools, public roads, public 4 charities, and state institutions and providing with respect to the expenditure of said 5 appropriations. 6 Be it enacted by the Legislature of Louisiana: 7 Section 1. The appropriations in this Act from state revenue shall be payable out of the 8 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the 9 Louisiana Constitution. 10 Section 2.A. All money from federal, interagency, statutory dedications, or self-11 generated revenues shall be available for expenditure in the amounts herein appropriated. 12 Any increase in such revenues shall be available for allotment and expenditure by an agency 13 on approval of an increase in the appropriation by the commissioner of administration and 14 the Joint Legislative Committee on the Budget. Any increase in such revenues for an agency 15 without an appropriation from the respective revenue source shall be incorporated into the 16 agency's appropriation on approval of the commissioner of administration and the Joint 17 Legislative Committee on the Budget. In the event that these revenues should be less than 18 the amount appropriated, the appropriation shall be reduced accordingly. To the extent that 19 such funds were included in the budget on a matching basis with state funds, a corresponding 20 decrease in the state matching funds may be made. Any federal funds which are classified 21 as disaster or emergency may be expended prior to approval of a BA-7 by the Joint 22 Legislative Committee on the Budget upon the secretary's certifying to the governor that any 23 delay would be detrimental to the state. The Joint Legislative Committee on the Budget 24 shall be notified in writing of such declaration and shall meet to consider such action, but

if it is found by the committee that such funds were not needed for an emergency
 expenditure, such approval may be withdrawn and any balance remaining shall not be
 expended.

B. The commissioner of administration is hereby authorized and directed to correct the
means of financing and expenditures for any appropriation contained in Schedule 20-901
Sales Tax Dedications to reflect current law enacted in any session of the Legislature which
affects any such means of financing or expenditure.

8 C. Notwithstanding any provision of law or this Act to the contrary, no funds herein 9 appropriated or authorized later through a BA-7 in any means of finance may be used for a 10 contact tracing program that mandates participation by an individual or business entity in the 11 state of Louisiana.

12 Section 3.A. Notwithstanding any other law to the contrary, the functions of any 13 department, agency, program, or budget unit of the executive branch, except functions in 14 departments, agencies, programs, or budget units of other statewide elected officials, may 15 be transferred to a different department, agency, program, or budget unit for the purpose of 16 economizing the operations of state government by executive order of the governor. 17 Provided, however, that each such transfer must, prior to implementation, be approved by 18 the commissioner of administration and Joint Legislative Committee on the Budget. Further, 19 provided that no transfers pursuant to this Section shall violate the provisions of Title 36, 20 Organization of the Executive Branch of State Government.

B. In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of mid-year adjustments. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

C. Notwithstanding any other law to the contrary and before the commissioner of administration shall authorize the purchase of any luxury or full-size motor vehicle for personal assignment by a statewide elected official other than the governor and lieutenant governor, such official shall first submit the request to the Joint Legislative Committee on the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such

ENROLLED

vehicles as defined or used in rules or guidelines promulgated and implemented by the
 Division of Administration.

3 D. Notwithstanding any provision of law to the contrary, each agency which has 4 contracted with outside legal counsel for representation in an action against another agency, 5 shall submit a detailed report of all litigation costs incurred and payable to the outside 6 counsel to the commissioner of administration, the legislative committee charged with 7 oversight of that agency, and the Joint Legislative Committee on the Budget. The report 8 shall be submitted on a quarterly basis, each January, April, July, and October, and shall 9 include all litigation costs paid and payable during the prior quarter. For purposes of this 10 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the 11 agency and of the other party if the agency was required to pay such costs and fees. The 12 commissioner of administration shall not authorize any payments for any such contract until 13 such report for the prior quarter has been submitted.

E. Notwithstanding any provision of law to the contrary, each agency may use a portion of its appropriations contained in this Act for the expenditure of funds for salaries and related benefits for smoking cessation wellness programs, including pharmacotherapy and behavioral counseling for state employees of the agency.

18 Section 4. Each schedule as designated by a five-digit number code for which an
19 appropriation is made in this Act is hereby declared to be a budget unit of the state.

20 Section 5.A. The program descriptions, account descriptions, general performance 21 information, and the role, scope, and mission statements of postsecondary education 22 institutions contained in this Act are not part of the law and are not enacted into law by 23 virtue of their inclusion in this Act.

B. All key and supporting performance objectives and indicators for the departments, agencies, programs, and budget units contained in the Governor's Executive Budget Supporting Document shall be adjusted by the commissioner of administration to reflect the funds appropriated therein. The commissioner of administration shall report on these adjustments to the Joint Legislative Committee on the Budget by August 15 of the current fiscal year.

30 C. The discretionary and nondiscretionary allocations if contained in this Act are 31 provided in accordance with R.S. 39:51(A)(3) and are to provide information to assist in

ENROLLED

legislative decision making and shall not be construed to limit the expenditures or means of
 financing of an agency, budget unit, or department to the discretionary or nondiscretionary
 amounts contained in this Act.

4 D. The expenditure category allocations contained in this Act are provided for 5 informational purposes only from the Governor's Executive Budget supporting documents 6 in accordance with R.S. 39:51(C) and are to provide information to assist in legislative 7 decision making and shall not be construed to limit the expenditures or means of financing 8 of an agency, budget unit, or department to the expenditure category amounts contained in 9 this Act. The commissioner of administration shall notify the Joint Legislative Committee 10 on the Budget of the initial allocation of expenditures and means of financing for the 11 personal services expenditure category at the same time he reports initial expenditure 12 allocations as required by R.S. 39:57.1.

E. The incentive programs, expenditures, and benefits contained in this Act are provided in accordance with R.S. 39:51(A)(2) and are not included as, nor counted towards, the operating expenses of the department, agency, or authority.

F. The prior year budget and positions contained in this Act are provided in accordance with R.S. 39:51 and are to provide information to assist in legislative decision making and shall not be construed as additional expenditures, means of financing, or positions of an agency, budget unit, or department.

20 Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between 21 departments or schedules receiving appropriations. However, any unencumbered funds 22 which accrue to an appropriation within a department or schedule of this Act due to policy, 23 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner 24 of administration and the Joint Legislative Committee on the Budget, be transferred to any 25 other appropriation within that same department or schedule. Each request for the transfer 26 of funds pursuant to this Section shall include full written justification. The commissioner 27 of administration, upon approval by the Joint Legislative Committee on the Budget, shall 28 have the authority to transfer between departments funds associated with lease agreements 29 between the state and the Office Facilities Corporation. The commissioner of administration shall, in accordance with R.S. 15:827.3, transfer between departments or schedules of this 30 31 Act any unencumbered funds which accrue to an appropriation due to the prior year savings

achieved as a result of legislation relative to the criminal justice system enacted in the 2017
 Regular Session of the Legislature.

3 B. In conjunction with the continuing assessment of the existing staff, assets, contracts, 4 and facilities of each department, agency, program or budget unit's information technology 5 resources and procurement resources, upon completion of this assessment and to the extent 6 optimization of these resources will result in the projected cost savings through staff 7 reductions, realization of operational efficiencies, cost avoidance, and elimination of asset 8 duplication, the commissioner of administration is authorized to transfer the functions, 9 positions, assets, and funds from any other department, agency, program, or budget units 10 related to these optimizations to a different department. The provisions of this Subsection 11 shall not apply to the Department of Culture, Recreation and Tourism, or any agency 12 contained in Schedule 04, Elected Officials, of this Act.

C. The commissioner of administration shall review all existing leases for office and warehouse space and compare the rent per square foot of such space to the market rent of similar space in the same market. The commissioner of administration is authorized and directed to renegotiate all leases that are in excess of the market rent to bring the rent in line with the market rent. The commissioner of administration, upon approval of the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds from any savings from renegotiated leases.

Section 7. The state treasurer is hereby authorized and directed to use any available funds on deposit in the state treasury to complete the payment of General Fund appropriations for the current fiscal year. 10 (4) The number of authorized positions and authorized other charges positions approved 11 in this Act for each department, agency, or program may also be increased by the 12 commissioner of administration when sufficient documentation of other necessary 13 adjustments is presented and the request is deemed valid. The total number of such positions 14 so approved by the commissioner of administration may not be increased in excess of three 15 hundred fifty. However, any request which reflects an annual aggregate increase in excess 16 of twenty-five positions for any department, agency, or program must also be approved by 17 the Joint Legislative Committee on the Budget.

B. Orders from the Civil Service Commission or its designated referee which direct an
agency to pay attorney fees for a successful appeal by an employee may be paid out of an

8 E. In the event that any cost allocation or increase recommended by the Public 9 Retirement Systems' Actuarial Committee through adoption of a valuation submitted to the 10 Joint Legislative Committee on the Budget and the House and Senate committees on 11 retirement becomes effective before or during the current fiscal year, each budget unit shall 12 pay out of its appropriation funds necessary to satisfy the requirements of such increase.

13 Section 9. In the event the governor shall veto any line item expenditure and such veto 14 shall be upheld by the legislature, the commissioner of administration shall withhold from 15 the department's, agency's, or program's funds an amount equal to the veto. The 16 commissioner of administration shall determine how much of such withholdings shall be 17 from the State General Fund.

18 Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of 19 the Louisiana constitution, if at any time during the current fiscal year the official budget 20 status report indicates that appropriations will exceed the official revenue forecast, the 21 governor shall have full power to reduce appropriations in accordance with R.S. 39:75. The 22 governor shall have the authority to make adjustments to other means of financing and 23 positions necessary to balance the budget as authorized by R.S. 39:75(C).

28 C. The governor may also, and in addition to the other powers set forth herein, issue 29 executive orders in a combination of any of the foregoing means for the purpose of 30 preventing the occurrence of a deficit.

Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner of administration shall make such technical adjustments as are necessary in the interagency transfers means of financing and expenditure categories of the appropriations in this Act to result in a balance between each transfer of funds from one budget unit to another budget unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this balance and shall in no way have the effect of changing the intended level of funding for a program or budget unit of this Act.

8 Section 12.A. For the purpose of paying appropriations made herein, all revenues due 9 the state in the current fiscal year shall be credited by the collecting agency to the current 10 fiscal year provided such revenues are received in time to liquidate obligations incurred 11 during the current fiscal year.

B. A state board or commission shall have the authority to expend only those funds that are appropriated in this Act, except those boards or commissions which are solely supported from private donations or which function as port commissions, levee boards or professional and trade organizations.

16 Section 13.A. Notwithstanding any other law to the contrary, including any provision 17 of any appropriation act or any capital outlay act, no constitutional requirement or special 18 appropriation enacted at any session of the legislature, except the specific appropriations acts 19 for the payment of judgments against the state, of legal expenses, and of back supplemental 20 pay, the appropriation act for the expenses of the judiciary, and the appropriation act for 21 expenses of the legislature, its committees, and any other items listed therein, shall have 22 preference and priority over any of the items in the General Appropriation Act or the Capital 23 Outlay Act for any fiscal year.

B. In the event that more than one appropriation is made in this Act which is payable from any specific statutory dedication, such appropriations shall be allocated and distributed by the state treasurer in accordance with the order of priority specified or provided in the law establishing such statutory dedication and if there is no such order of priority such appropriations shall be allocated and distributed as otherwise provided by any provision of law including this or any other act of the legislature appropriating funds from the state treasury.

ENROLLED

1 C. In accordance with R.S. 49:314(B)(1) and (2) appropriations from the Transportation 2 Trust Fund in the General Appropriation Act and the Capital Outlay Act shall have equal 3 priority. In the event revenues being received in the state treasury and being credited to the 4 fund which is the source of payment of any appropriation in such acts are insufficient to fully 5 fund the appropriations made from such fund source, the treasurer shall allocate money for 6 the payment of warrants drawn on such appropriations against such fund source during the 7 fiscal year on the basis of the ratio which the amount of such appropriation bears to the total 8 amount of appropriations from such fund source contained in both acts.

9 Section 14. Pay raises or supplements provided for by this Act shall in no way supplant
10 any local or parish salaries or salary supplements to which the personnel affected would be
11 ordinarily entitled.

12 Section 15. Any unexpended or unencumbered reward monies received by any state 13 agency during prior fiscal years pursuant to the Exceptional Performance and Efficiency 14 Incentive Program may be carried forward for expenditure from the prior fiscal year to the 15 current fiscal year, in accordance with the respective resolution granting the reward. The 16 commissioner of administration shall implement any internal budgetary adjustments 17 necessary to effectuate incorporation of these monies into the respective agencies' budgets 18 for the current fiscal year, and shall provide a summary list of all such adjustments to the 19 Joint Legislative Committee on the Budget by August 31 of the current fiscal year.

Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions shall not affect the remaining provisions of the Act, and the legislature hereby declares that it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part thereof, irrespective of the fact that one or more of the sections, subsections, clauses, sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the provisions of this Act are hereby declared severable.

27 Section 17.A. All BA-7 budget transactions, including relevant changes to performance 28 information, submitted in accordance with this Act or any other provisions of law which 29 require approval by the Joint Legislative Committee on the Budget or joint approval by the 30 commissioner of administration and the Joint Legislative Committee on the Budget shall be 31 submitted to the commissioner of administration, Joint Legislative Committee on the

1 Budget, and Legislative Fiscal Office a minimum of sixteen working days prior to 2 consideration by the Joint Legislative Committee on the Budget. Each submission must 3 include full justification of the transaction requested, but submission in accordance with this 4 deadline shall not be the sole determinant of whether the item is actually placed on the 5 agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not 6 submitted in accordance with the provisions of this Section shall be considered by the 7 commissioner of administration and Joint Legislative Committee on the Budget only when 8 extreme circumstances requiring immediate action exist.

9 B. Notwithstanding any contrary provision of this Act or any contrary provision of law, 10 no funds appropriated by this Act shall be released or provided to any recipient of an 11 appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to 12 comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse 13 to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension 14 of time granted by the legislative auditor or the Legislative Audit Advisory Council. The legislative auditor may grant a recipient, for good cause shown, an extension of time to 15 16 comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may 17 grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient 18 entities of an appropriation contained in this Act with recommendation by the legislative 19 auditor pursuant to R.S. 39:72.1.

Section 18.A. Funds appropriated to auxiliary accounts herein shall be from prior and current year collections, with the exception of State General Fund (Direct). Further provided with regard to auxiliary funds, that excess cash funds, excluding cash funds arising from working capital advances, shall be invested by the state treasurer with the interest proceeds therefrom credited to each account and not transferred to the State General Fund. This Act shall be subject to all conditions set forth in Title 39 of the Louisiana Revised Statutes of 1950 as amended.

B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public agency or entity which is not a budget unit of the state unless the intended recipient of those funds submits, for approval, a comprehensive budget to the legislative auditor and the transferring agency showing all anticipated uses of the appropriation, an estimate of the duration of the project, and a plan showing specific goals and objectives for the use of such

ENROLLED

1 funds, including measures of performance. In addition, and prior to making such 2 expenditure, the transferring agency shall require each recipient to agree in writing to 3 provide written reports to the transferring agency at least every six months concerning the 4 use of the funds and the specific goals and objectives for the use of the funds. In the event 5 the transferring agency determines that the recipient failed to use the funds set forth in its 6 budget within the estimated duration of the project or failed to reasonably achieve its 7 specific goals and objectives for the use of the funds, the transferring agency shall demand 8 that any unexpended funds be returned to the state treasury unless approval to retain the 9 funds is obtained from the division of administration and the Joint Legislative Committee 10 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the 11 amount of the public funds received by the provider is below the amount for which an audit 12 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of 13 the funds to ensure effective achievement of the goals and objectives. The transferring 14 agency shall forward to the legislative auditor, the division of administration, and the Joint 15 Legislative Committee on the Budget a report showing specific data regarding compliance 16 with this Section and collection of any unexpended funds. This report shall be submitted no 17 later than May 1 of the current fiscal year.

18 (2) Transfers to public or quasi-public agencies or entities that have submitted a budget 19 request to the division of administration in accordance with Part II of Chapter 1 of Subtitle 20 1 of Title 39 of the Louisiana Revised Statutes of 1950, transfers authorized by specific 21 provisions of the Louisiana Revised Statutes of 1950 and the Constitution of the State of 22 Louisiana to local governing authorities, and any transfer to a political subdivision created 23 for economic development or tourism promotion and established by law in a parish having 24 a population of no less than two hundred forty-five thousand persons and no more than three 25 hundred fifty thousand persons shall be exempt from the provisions of this Subsection.

(3) Notwithstanding any other provision of law or this Act to the contrary, if the name
of an entity subject to this Subsection is misspelled or misstated in this Act or any other Act,
the state treasurer may pay the funds appropriated to the entity without obtaining the
approval of the Joint Legislative Committee on the Budget, but only after the entity has
provided proof of its correct legal name to the state treasurer and transmitted a copy to the
staffs of the House Committee on Appropriations and the Senate Committee on Finance.

29 Program Description: The Coastal Protection and Restoration Authority Board is 30 comprised of agency heads from numerous state offices and regional representatives. It is 31 designed to be the public venue to develop and approve coastal policies and budgets focused on hurricane protection and coastal restoration efforts. The board was established to 32 33 achieve integrated coastal protection for Louisiana through the articulation of a clear 34 statement of priorities, policies and funding. The Coastal Protection and Restoration 35 Authority (CPRA) is working closely with other entities on coastal issues, including the state 36 legislature, the Governor's Advisory Commission on Coastal Protection, Restoration and 37 Conservation, and the Division of Administration's Disaster Recovery Unit within the Office 38 of Community Development. Through the Implementation Program, the CPRA will develop, 39 implement and enforce the coastal protection and restoration Master Plan, which will lead 40 to a safe and sustainable coast that will protect communities, the nation's critical energy 41 infrastructure, and Louisiana's natural resources.

LOUISIANA DEPARTMENT OF HEALTH

SCHEDULE 09

For Fiscal Year 2023-2024, cash generated by each budget unit within Schedule 09 may be pooled with any other budget unit within Schedule 09 to avoid a cash deficit. No budget unit may expend more revenues than are appropriated to it in this Act except upon the approval of the Division of Administration and the Joint Legislative Committee on the Budget, or as may otherwise be provided for by law.

Notwithstanding any provision of law to the contrary, the department shall purchase medical services for consumers in the most cost effective manner. The secretary is directed to utilize various cost containment measures to ensure expenditures remain at the level appropriated in this Schedule, including but not limited to precertification, preadmission screening, diversion, fraud control, utilization review and management, prior authorization, service limitations, drug therapy management, disease management, cost sharing, and other measures as permitted under federal law.

24 Notwithstanding any provision of law to the contrary and specifically R.S. 39:82(E), for 25 Fiscal Year 2023-2024 any over-collected funds, including interagency transfers, fees and 26 self-generated revenues, federal funds, and surplus statutory dedicated funds generated and 27 collected by any agency in Schedule 09 for Fiscal Year 2022-2023 may be carried forward 28 and expended in Fiscal Year 2023-2024 in the Medical Vendor Program. Revenues from refunds and recoveries in the Medical Vendor Program are authorized to be expended in 29 30 Fiscal Year 2023-2024. No such carried forward funds, which are in excess of those 31 appropriated in this Act, may be expended without the express approval of the Division of 32 Administration and the Joint Legislative Committee on the Budget.

33 Notwithstanding any provision of law to the contrary, the secretary of the Louisiana 34 Department of Health may transfer, with the approval of the commissioner of administration 35 via midyear budget adjustment (BA-7 Form), up to twenty-five (25) authorized positions and 36 associated personnel services funding if necessary from one budget unit to any other budget 37 unit and/or between programs within any budget unit within this schedule. Not more than 38 an aggregate of one-hundred (100) positions and associated personal services may be 39 transferred between budget units and/or programs within a budget unit without the approval 40 of the Joint Legislative Committee on the Budget.

41 Notwithstanding any provision of law to the contrary, the secretary of the Louisiana 42 Department of Health is authorized to transfer, with the approval of the commissioner of 43 administration through midyear budget adjustments, funds and authorized positions from one 44 budget unit to any other budget unit and/or between programs within any budget unit within 45 this schedule. Such transfers shall be made solely to provide for the effective delivery of 46 services by the department, promote efficiencies and enhance the cost effective delivery of 47 services. Not more than six million dollars may be transferred pursuant to this authority. The 48 secretary and the commissioner shall promptly notify the Joint Legislative Committee on the 49 Budget of any such transfer.

Notwithstanding any provision of law to the contrary, the department shall not be under any
 obligation to perform any of the services as described in R.S. 46:2116, et seq., and may
 utilize other revenue sources to provide these services if available. Provided, further, that any
 additional funding for state plan personal assistance services may be used as state match for
 available federal funds.

6 Beginning on October 15, 2023, and monthly thereafter, the department shall submit to the 7 Joint Legislative Committee on the Budget for its review a report itemizing the means of 8 financing and expenditures for Schedule 09-306 Medical Vendor Payments. The department 9 may vary the forecasting methodologies utilized to produce the reports as necessary to 10 ensure the submission of the most accurate projections of revenues and expenditures as 11 practical.

12 The first report shall include a detailed itemization of the actual means of financing and 13 expenditures for Medical Vendor Payments in Fiscal Year 2022-2023 and budgeted means 14 of financing and the initial allocation of payments and year-to-date expenditures for Fiscal 15 Year 2023-2024 delineated by provider group, state agency, or managed care program. The 16 reporting on the managed care expenditures shall differentiate between expenditures on the 17 ACA Expansion population and the non-expansion population. The first report shall also 18 include, for both the prior and current fiscal years, an itemization of supplemental or directed 19 payment programs by provider group as well as all supplemental or directed payments and 20 uncompensated care costs payments to the LSU Public Private Partnership hospitals. Finally, 21 the report shall also provide the total amount of the expenditures on the Managed Care 22 Incentive Program for both the prior and current fiscal years.

23 In the second report and each subsequent report submitted monthly thereafter, the 24 department shall include a section detailing the budgeted means of financing versus the 25 projected use of those means of financing to fund the projected expenditures and as adjusted 26 for projected revenue collections by source. In the event a surplus is projected, the 27 department shall provide an explanation of the source of any surplus revenues and the 28 rationale of the department's proposed use of the means of financing. In the event a deficit 29 is projected due to the budgeted means of finance or estimated revenue collections being 30 insufficient to finance projected expenditures, the department shall inform the committee of 31 any other sources of revenues that may be available or adjustments in expenditures that 32 could be implemented within the department to aid in alleviating the projected deficit. Also 33 beginning with the second report and continuing in each report submitted monthly thereafter, 34 the department shall delineate, in the same manner as presented in the first report of the 35 fiscal year, the initial allocation of payments, total projected expenditures, and year-to-date 36 expenditures in Fiscal Year 2023-2024 for each allocation within the programs, the 37 supplemental or directed payment programs, the supplemental or directed payments and 38 uncompensated care costs payments to the LSU Public Private Partnership hospitals, and the 39 total expenditures on the Managed Care Incentive Program.

Further, each report shall include a section specifying the total amount of pharmacy rebates 40 41 projected to be received by the end of the fiscal year delineated between those generated by 42 drug utilization of the expansion enrollees versus the non-expansion enrollees and, for the 43 non-expansion enrollees, between those receiving health care services under the 44 fee-for-service program versus the managed care program. In addition, each report shall 45 include a section on current expansion and non-expansion enrollment in the Medicaid 46 program and projected expansion and non-expansion enrollment through the end of the fiscal 47 year.

Finally, each report shall include a thorough explanation of any policy changes proposed or implemented by the department since the preceding report submitted to the committee, including but not limited to those being proposed or implemented by administrative rule making, state plan amendment, waiver application, or contract amendment, that result in an increase or decrease in revenue collections and/or expenditures. Provided, however, that, in formulating the hospital directed payment methodology for Fiscal Year 2024-2025 during the course of Fiscal Year 2023-2024, the department shall collaborate with and seek guidance from the trade organization representing hospitals defined pursuant to R.S. 40:1189.3(7)(a) to ensure access to care in the rural areas of the state.

Provided, further, that in addition to all other reductions required by this Act, the
commissioner of administration is hereby authorized and directed to reduce the total State
General Fund (Direct) appropriations in this Act for the Louisiana Department of Health by
(\$100,000,000) and there shall be no reduction to waiver services or disability services.

27 Expenditure Controls:

Provided, however, that the Louisiana Department of Health may, to control expenditures to the level appropriated herein for the Medical Vendor Payments program, negotiate supplemental rebates for the Medicaid pharmacy program in conjunction with the preferred drug list. In these negotiations, the preferred drug list may be adjusted to limit brand name drug products in each therapeutic category while ensuring appropriate access to medically necessary medication.

Provided, however, that the Louisiana Department of Health shall continue with the implementation of sustainability strategies to control the costs of the Intellectual/Developmental Disabilities Home and Community Based Waivers in order that the continued provision of Community Based Waivers for the citizens with developmental disabilities is not jeopardized.

39 Public provider participation in financing:

40 The Louisiana Department of Health, hereinafter the "department", shall only make Title 41 XIX (Medicaid) claim payments to non-state public hospitals, that certify matching funds 42 for their Title XIX claim payments and provide certification of incurred uncompensated care 43 costs (UCC) that qualify for public expenditures which are eligible for federal financial 44 participation under Title XIX of the Social Security Act to the department. The certification 45 for Title XIX claims payment match and the certification of UCC shall be in a form 46 satisfactory to the department and provided to the department no later than October 1, 2023. 47 Non-state public hospitals, that fail to make such certifications by October 1, 2023, may not 48 receive Title XIX claim payments or any UCC payments until the department receives the 49 required certifications. The department may exclude certain non-state public hospitals from 50 this requirement in order to implement alternative supplemental payment initiatives or 51 alternate funding initiatives, or if a hospital that is solely owned by a city or town has
