 (Constitutional Amendment) Provides that the supreme court shall be composed of nine justices (Item #4)

Proposed constitutional amendment increases the composition of the Louisiana Supreme Court from six associate justices to eight (plus the Chief Justice), five of whom must concur to render judgment. Proposed constitutional amendment changes the number of districts from a minimum of seven to nine. Proposed constitutional amendment provides a proposition to be placed on the ballot for the statewide election held on November 5, 2024, for the voters to approve.

A companion bill (HB 3) establishes the nine election districts for the election of justices to the Supreme Court.

EXPENDITURE EXPLANATION

Proposed constitutional amendment will result in a significant increase for the Louisiana Supreme Court if this constitutional amendment is approved by the voters in November 2024. If approved, the Supreme Court will increase its associate justices from six to eight. The addition of two justices will require six additional law clerks and two administrative assistants. In addition, the Supreme Court will incur one-time costs for renovations of the office space to accommodate the new staff as well as acquisition costs for computers, office furniture, and other miscellaneous equipment as well as supplies. The table below provides a breakdown of the annual costs by expenditure category with additional information on page 2.

The Secretary of State may incur minimal ballot processing costs associated with this measure. As a regular practice, the Secretary of State typically budgets for up to 10 constitutional amendments and statewide propositions for the fall statewide elections. To the extent the ballot includes more than 10 constitutional amendments and statewide propositions, the Secretary of State may require additional SGF resources for the November 5, 2024, statewide election. Any expenditure impact would be realized in FY 25.
