HB 60 Original

2024 Regular Session

Edmonston

Abstract: Amends the exception to the unauthorized use of sperm, ovum, or embryo under certain circumstances.

Present law provides that the unauthorized use of sperm, ovum, or embryo is when a person knowingly does either of the following:

- (1) Uses a sperm, ovum, or embryo, through the use of assisted reproduction technology, for any purpose other than that indicated by the sperm, ovum, or embryo provider's signature on a written consent form.
- (2) Implants a sperm, ovum, or embryo, through the use of assisted reproduction technology, into a recipient who is not the sperm, ovum, or embryo provider, without the signed written consent of the sperm, ovum, or embryo provider and recipient.

Present law further provides that a knowing violation of present law shall be grounds for immediate revocation of the violator's professional license.

Proposed law retains present law.

Present law provides that present law shall not apply to the use by a surviving spouse of the human ova or sperm of the deceased spouse in order to conceive a child, provided that prior to his death the deceased spouse signed a consent form authorizing such a donation.

Proposed law amends present law to remove the condition that a deceased spouse sign a consent form, prior to his death, that authorizes a donation of human ova or sperm.

Effective upon signature of governor or lapse of time for gubernatorial action.

(Amends R.S. 14:101.2(D))
