2024 Regular Session

Green

Abstract: Provides that the governor and lieutenant governor are elected jointly.

Present constitution provides that statewide elected officials, including the governor and lieutenant governor, are elected for a term of four years at the time and place for voting for members of the legislature. Provides that terms begin at noon on the second Mon. in Jan. next following the election. Provides that a person who has served as governor for more than one and one-half terms in two consecutive terms shall not be elected governor for the succeeding term. Provides for the powers and duties of the governor and lieutenant governor.

Proposed constitutional amendment retains present constitution. Additionally provides that at all regular elections of governor and lieutenant governor beginning in 2031, the candidates for both offices shall be elected jointly in a manner provided by law so that a voter casts a single vote for a candidate for governor and a candidate for lieutenant governor running together.

Provides for submission of the proposed amendment to the voters at the statewide election to be held November 5, 2024.
