HB 319 Original

2024 Regular Session

Newell

Abstract: Requires the notice of the change of a polling place to include the reason for the change.

Present law (R.S. 18:534) provides that an established polling place may only be changed by a vote of the parish governing authority, and only before the opening of qualifying for a general election or the 46th days prior to an election exclusively for propositions. Further provides that the parish president may change the location of the polling place after the specified dates due to an emergency caused by an act of God or when privately owned property being used as a polling place becomes unavailable through no fault of the governing authority.

Present law provides that when a parish governing authority or parish president changes the location of a polling place, the governing authority shall give adequate notice of the change of the location to each voter registered to vote at that polling place and to each candidate to be voted on at that polling place, if applicable. Provides that notice shall be given to the candidate immediately, that signage and an employee of the parish governing authority shall be stationed at the former polling place, and that the notice shall be published in the official journal of the parish or other newspaper of general circulation, time permitting.

Present law requires the governing authority to inform the secretary of state of all polling place location changes.

Proposed law requires the parish governing authority or parish president to include the reason for the change with his notice of the change of a polling location.

Present law requires the secretary of state to list polling place location changes on his website and authorizes the parish election officials, including the registrar of voters and clerk of court, to publish polling place location changes on their website. Requires each website to include instructions on how a voter may subscribe to receive electronic notifications of polling place location changes.

Proposed law requires the secretary of state to also list the reason for polling location changes on his website and to provide the list of polling place changes in a sortable format. Further requires the parish registrars of voters or clerks of court that maintains a website to publish a list of polling place location changes within the parish and the reason for each change on their websites and provide a clearly visible link to the list on the secretary of state's website.

Effective Sept. 1, 2024.
