HB 494 Original

2024 Regular Session

Willard

Abstract: Revises a portion of special identification card law to allow for access to identification cards for children fourteen through seventeen.

Present law authorizes La. residents to obtain a special identification card from the office of motor vehicles and for the identifying information and documents to obtain the special identification card to be the same as those for obtaining a La. driver's license.

Present law specifies that applicants who are 17 years old do not need the signature of a custodial parent or guardian provided the applicant has the necessary identifying information and documents.

Proposed law expands present law to apply to applicants aged 14 through 17.

Effective upon signature of governor or lapse of time for gubernatorial action.
