Provides relative to concurrent legislative jurisdiction of federal military installations within the state. (8/1/24)

Proposed law provides that the state accepts the relinquishment of exclusive legislative jurisdiction from the US and that the state has concurrent legislative jurisdiction with the US over the US military installation property in the state for as long as the US controls the property. Proposed law provides that this concurrent legislative jurisdiction be effective upon the governor's written acceptance of a request filed by the principal officer, or a representative of the US who has supervision or control over the property pursuant to federal law, of the property where concurrent legislative jurisdiction is sought, relinquishing exclusive legislative jurisdiction and retaining concurrent legislative jurisdiction over the property. Proposed law authorizes state agencies, local gov, or districts to enter into reciprocal agreements with a US agency to designate duties. Proposed law provides that concurrent legislative jurisdiction applies in those instances wherein in granting to the US authority which would otherwise amount to exclusive legislative jurisdiction over an area, the state has reserved to itself the right to exercise, concurrently with the US, all of the same authority.
