SB 102 Engrossed	DIGEST 2024 Regular Session	Miguez
------------------	--------------------------------	--------

Present law specifies that a board of commissioners for a port in parishes which have a population of 68,000 to 73,000 and 57,000 to 57,400, respectively as determined by the latest federal decennial census may appoint, fix salaries of, and pay port and harbor police who have completed a course certified by the Council on Peace Officer Standards and Training to perform law enforcement duties commensurate with powers of sheriffs. Present law further allows a commission of a port in a designated population to adopt rules and regulations for the conduct, management, and control of the port and harbor police, and shall, from time to time, enlarge, modify, or change such rules and regulations in its discretion.

Proposed law retains present law but removes the population designation.

Present law provides for arrestees of the port and harbor police to be delivered to the sheriff of the parish in which the arrest occurs, and provides that such authority does not deprive law enforcement from a parish with a population of 68,000 to 73,000 or 57,000 to 57,400, according to the latest federal decennial census, from performing their duties.

Proposed law retains present law but removes the population designation and identifies the parishes of Iberia and Vermilion.

Effective upon signature of the governor or lapse of time for gubernatorial action.
