EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

For informational purposes, the Department of Public Safety & Corrections - Corrections Services reports that in 2019, there was one (1) admission (no admits in 2020, 2021, 2022, or 2023) with an average sentence length of 1 year for those convicted of illegal carrying of weapons with any firearm used in the commission of a crime of violence within 1,000 feet of any parade or demonstration. Though proposed law mandates that a maximum of one year of the sentence for violation of current law be served without probation, parole, or suspension of sentence, the average sentence imposed for those convicted is one year, which would result in no fiscal impact with the passage of the proposed law.

REVENUE EXPLANATION
