Proposed law prohibits an insurer that has issued an original or renewed policy of homeowner's insurance from using aerial images to inspect the conditions of insured unless the images are taken within 36 months after the date the insured has purchased the policy.

Proposed law defines "aerial images" as pictures, recordings, or any physical evidence captured in the airspace above a property from an aircraft or other airborne platform, including but not limited to third-party proprietary aerial imagery taken by a fixed-wing aircraft and satellites.
