Dept./Agy.: Louisiana Department of Health/Office of Public Health	Analyst: Garrett Ordner
Subject: Imported Seafood Safety Fees	

SEAFOOD OR INCREASE SD RV See Note
Provides relative to imported seafood safety fees

Present law requires the Louisiana Department of Health (LDH), Office of Public Health (OPH) to charge and collect an imported seafood safety fee of \$100 from each holder of a commercial seafood permit who sells imported seafood. Proposed law states that the fee shall be collected from each holder of a commercial seafood permit who processes or distributes imported seafood. Proposed law provides that the fee shall be equal to one-tenth of a percent of the annual gross revenue of the processor or distributor.

EXPENDITURE EXPLANATION

Due to the increase in anticipated revenues into the Imported Seafood Safety Fund resulting from the proposed law, there may be increased expenditures from the Imported Seafood Safety Fund for the purpose of sampling, analysis, testing, and monitoring of raw seafood products of foreign origin that are imported into Louisiana and stored on the premises of any business holding a commercial seafood permit. Any such increase is indeterminable at this time.

REVENUE EXPLANATION

The Louisiana Department of Health (LDH) anticipates a general increase in revenues through additional collections into the Imported Seafood Safety Fund as a result of the proposed law. The amount cannot be readily estimated because the formula provided in the bill relies on annual sales figures for many private businesses, which LDH does not currently have access to.
