SB 407 Original

DIGEST  
2024 Regular Session

Pressly

Present law defines "expenditure" as a purchase, payment, advance, deposit, or gift, of money or anything of value made for the purpose of supporting, opposing, or otherwise influencing the nomination or election of a person to public office, for the purpose of supporting or opposing a proposition or question submitted to the voters, or for the purpose of supporting or opposing the recall of a public officer, whether made before or after the election.

Proposed law defines "expenditure" as a purchase, payment, advance, deposit, or gift, of money or anything of value made for any purpose which is political in nature.

Present law provides that "expenditure" also includes a promissory note or written contract to make an expenditure and expenditures in-kind which have an attributable monetary value in excess of twenty-five dollars, made for any of the purposes stated in present law, including without limitation: the donation by any person, candidate, or political committee of the services of paid employees, the value of which services exceeds twenty-five dollars, such value to be the amount paid for such services; the donation of, or the donation of the right to use, any item of tangible property when the same is used or consumed and not exchanged or converted to cash or the equivalent of cash and when the donating candidate, the chairman of the donating committee, or the donating person required to file reports under this present law, and the campaign treasurer of such donor, if any, determines that its value or the use value, when only the right to use is given, exceeds twenty-five dollars and such determination shall be prima facie evidence of the correctness of the valuation of the item or the use value when applicable.

Proposed law retains present law and further provides that charitable contributions are considered expenditures.

Present law defines "participation" or "participating" in an election regarding a political committee to mean that with regard to the primary election, the committee gave or received a contribution prior to the primary election from, to, or for a candidate participating in that primary election, made an expenditure in support of or in opposition to a candidate participating in that primary election, made a loan to or received a loan from a candidate or committee participating in that primary election, or made a transfer of funds to or from another committee participating in that primary election.

Proposed law retains these provisions but removes the authority of the committee to receive a contribution and retains the committee's authority to give a contribution prior to the primary election from, to, or for a candidate participating in that primary election, make an expenditure in support of or in opposition to a candidate participating in that primary election, make a loan to a candidate or committee participating in that primary election, or make a transfer of funds to another committee participating in that primary election.

Present law defines "participation" or "participating" in an election regarding a political committee to mean that with regard to the general election that the committee gave or received a contribution subsequent to the primary election from, to, or for a candidate participating in the general election, made an expenditure in support of or in opposition to a candidate participating in the general election, made a loan to or received a loan from a candidate or committee participating in that general election, or made a transfer of funds to or from another committee participating in the general election.

Proposed law retains these provisions but removes the authority of the committee to receive a contribution subsequent to the primary election and retains the committee's authority to give a contribution subsequent to the primary election for a candidate participating in the general election, make an expenditure in support of or in opposition to a candidate participating in the general election, make a loan to a candidate or committee participating in that general election, or make a transfer of funds to or from another committee participating in the general election.

Effective August 1, 2024.

(Amends R.S. 18:1483(9)(a) and (b) and (12)(b))
