CIVIL/LAW: Creates the Women's Safety and Protection Act

1 AN ACT
2 To enact Part I-A of Chapter 1 of Code Title I of Code Book I of Title 9 of the Louisiana
3 Revised Statutes of 1950, to be comprised of R.S. 9:55 through 65, relative to
4 women; to provide for the safety and protection of women; to provide relative to
5 distinctions between sexes; to provide for legislative intent; to provide for purposes;
6 to provide for definitions; to provide for a standard of review; to provide for causes
7 of action; to provide for application; to provide for remedies; and to provide for
8 related matters.

9 Be it enacted by the Legislature of Louisiana:

10 Section 1. Part I-A of Chapter 1 of Code Title I of Code Book I of Title 9 of the
11 Louisiana Revised Statutes of 1950, comprised of R.S. 9:55 through 65 is hereby enacted
12 to read as follows:

1 PART 1-A. WOMEN'S SAFETY AND PROTECTION ACT2 §55. Short title3 This Part shall be known as and may be cited as the "Women's Safety and
4 Protection Act".5 §56. Purpose6 The purpose of this Part is all of the following:7 (1) To clarify and reconcile the meaning of sex, male, female, and related
8 terms in state law.9 (2) To provide protections for women and girls against sexual assault,
10 harassment, and violence in correctional facilities, juvenile detention facilities,
11 domestic violence shelters, dormitories, and restrooms, or where women have been
12 traditionally afforded safety and protection from acts of abuse committed by
13 biological men.14 §57. Legislative findings15 The legislature finds and declares that:16 (1) "Physical differences between men and women, however, are enduring:
17 '[T]he two sexes are not fungible; a community made up exclusively of one [sex] is
18 different from a community composed of both.'" *United States v. Virginia, et al*, 518
19 U.S. 515, 533 (1996), citing *Ballard v. United States*, 329 U.S. 187, 193 (1946).20 (2) The United States Supreme Court has recognized that there are
21 "[i]nherent differences' between men and women", and that these differences
22 "remain cause for celebration, but not for denigration of the members of either sex
23 or for artificial constraints on an individual's opportunity" in *United States v.*
24 *Virginia, et al*, 518 U.S. 515, 533 (1996).25 (3) The equal protection clause of the Fourteenth Amendment of the
26 Constitution of the United State of America allows for legislatures to enact facially
27 neutral laws of general applicability, such as biologically based definitions of sex.28 (4) Biologically based definitions of sex have been consistently applied since
29 our nation's founding.

1 (5) Decades of opinions from the Supreme Court of the United States have
2 upheld the argument that biological distinctions between male and female are a
3 matter of scientific fact, and biological sex is an objectively defined category that has
4 obvious, immutable, and distinguishable characteristics.
