EXPENDITURE EXPLANATION

There is no anticipated direct material effect on SGF governmental expenditures as a result of this measure.

Proposed law grants the legislative auditor authority to audit non-state entities receiving capital outlay funding. The auditor outsources non-state entity audits to private CPA firms. The cost of the audit is paid by the non-state entity directly to the CPA firm. Therefore, there is no cost to the auditor. However, non-state entities, including local governmental entities, may realize higher expenses when engaging CPA firms for audits.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
