

2024 Regular Session

HOUSE RESOLUTION NO. 3

BY REPRESENTATIVE ZERINGUE

A RESOLUTION

To continue and reestablish the Judicial Structure Task Force created by House Resolution No. 30 of the 2022 Regular Session of the Legislature of Louisiana.

WHEREAS, the Judicial Structure Task Force was created in the 2022 Regular Session pursuant to House Resolution No. 30 to study the caseload data and the number of judges of each appellate court and district court in Louisiana, to determine changes necessary to the existing structure of the judiciary, and to provide the most efficient use of judicial resources; and

WHEREAS, House Concurrent Resolution No. 143 of the 2011 Regular Session of the Louisiana Legislature requested the supreme court to study the structure of the judiciary; and

WHEREAS, the task force has met twelve times since its inception to determine the efficient methodology and approach for the district courts weighted caseload study; and

WHEREAS, the National Center for State Courts developed a work point study to assess the workload of district and appellate courts throughout the state; and

WHEREAS, an updated work point study is needed to accurately assess the structure and workload of the judiciary; and

WHEREAS, the release of the detailed 2020 federal decennial census data on August 12, 2021, revealed serious population losses in some parts of the state and tremendous population growth in other parts of the state; and

WHEREAS, as population shifts from some areas of this state to others, it would be prudent to examine the caseload data from each court in the state of Louisiana to determine if the judicial resources are being used in the most efficient manner possible; and

WHEREAS, population and demographic changes in the state of Louisiana provide a reassessment opportunity to determine if reallocation of judicial resources may be needed; and

WHEREAS, it is utmost importance to consider the case filing data, case weights, court structure and finance, and the use of support personnel in order to establish proper funding and distribution of such funds to the courts; and

WHEREAS, the legislature will be unable to appropriate such funds as are necessary for the judicial system without receiving proper and sufficient data to support such an appropriation; and

WHEREAS, it is also necessary to study the territorial boundaries and the jurisdictional limits of each court.

THEREFORE, BE IT RESOLVED that the House of Representatives of the Legislature of Louisiana does hereby continue the Judicial Structure Task Force to study the caseload data and the number of judges of each appellate court and district court in Louisiana, and to determine the changes necessary to the existing structure of the judiciary and the most efficient use of judicial resources.
