

2024 Regular Session

HOUSE RESOLUTION NO. 246

BY REPRESENTATIVE MANDIE LANDRY

MEDICAID MANAGED CARE: Requests the Louisiana Department of Health, through its Medical Care Advisory Committee, or the creation of a subcommittee thereof, to study ways for Medicaid to invest in community-based social service organizations that address health-related social needs and determinants

1 A RESOLUTION

2 To urge and request the Louisiana Department of Health, through its Medical Care Advisory  
3 Committee, or the creation of a subcommittee thereof, to study ways for Medicaid  
4 to invest in community-based social service organizations that address health-related  
5 social needs and social determinants of health in an effort to decrease healthcare  
6 costs and improve care quality, experience, and the overall health of Louisianans.

7 WHEREAS, the state legislature recognizes the importance of addressing  
8 health-related social needs and social determinants to improve health outcomes and reduce  
9 health disparities among Medicaid beneficiaries; and

10 WHEREAS, it is essential to explore and identify effective ways for Medicaid  
11 Managed Care Organizations (MCOs) to invest in community-based social service  
12 organizations that can positively impact the health and well-being of Medicaid beneficiaries;  
13 and

14 WHEREAS, in accordance with 42 CFR 431.12, the Medical Care Advisory  
15 Committee advises the Louisiana Department of Health about health and medical care  
16 services; and

17 WHEREAS, the Medical Care Advisory Committee, or a subcommittee thereof,  
18 should study and make recommendations on strategies, policies, and potential legislative and  
19 administrative initiatives to encourage and facilitate investments by Medicaid MCOs in  
20 community-based organizations that address health-related social needs; and

1           WHEREAS, Section 1115 of the Social Security Act gives the secretary of the  
2 United States Department of Health authority to approve experimental, pilot, or  
3 demonstration projects that promote the objectives of the Medicaid program and the  
4 Children's Health Insurance Program in this state; and

5           WHEREAS, Section 1115 demonstration waivers give states an avenue to test new  
6 approaches in Medicaid to lower costs and improve quality and health; and

7           WHEREAS, the Centers for Medicare and Medicaid Services encourages states to  
8 propose waivers that expand coverage, reduce health disparities, and advance "whole  
9 person" healthcare, which includes addressing health-related social needs; and

10          WHEREAS, other states have utilized Section 1115 demonstration waivers to address  
11 the social needs of Medicaid beneficiaries; and

12          WHEREAS, the results of the initiatives established in other states could provide  
13 valuable insights for this state; and

14          WHEREAS, it is imperative that this state references the valuable insights made  
15 available from these other states by the Medical Care Advisory Committee, or a  
16 subcommittee thereof, studying them and determining ways to implement its findings.

17          THEREFORE, BE IT RESOLVED that the House of Representatives of the  
18 Legislature of Louisiana does hereby urge and request the Louisiana Department of Health,  
19 through its Medical Care Advisory Committee, or the creation of a subcommittee thereof,  
20 to study ways for Medicaid to invest in community-based social service organizations that  
21 address health-related social needs and social determinants of health in an effort to decrease  
22 healthcare costs and improve care quality, experience, and the overall health of Louisianans.

23          BE IT FURTHER RESOLVED that preliminary recommendations shall be submitted  
24 to the chair of the House Committee on Health and Welfare no later than April 30, 2025, and  
25 the final report of findings and policy recommendations shall be submitted to the House  
26 Committee on Health and Welfare no later than February 27, 2026.

27          BE IT FURTHER RESOLVED that the scope of work of the committee shall include  
28 but not be limited to reviewing current Medicaid policies in this state, identifying potential  
29 barriers and opportunities for Medicaid MCOs to invest in community-based initiatives,  
30 recommending legislative actions and proposals for funding, evaluating the potential  
31 alignment of healthcare payment and delivery systems, and developing models of primary

1 care and behavioral health integration to provide efficient, "whole person" health care that  
2 contains costs, reduces disparities, and achieves better health outcomes.

3 BE IT FURTHER RESOLVED that the committee shall specifically study Section  
4 1115 demonstration waivers implemented by other states to address health-related social  
5 needs and social determinants of health for Medicaid beneficiaries.

6 BE IT FURTHER RESOLVED that the committee shall incorporate its findings from  
7 the study of other states' Section 1115 demonstration waivers into a final report of findings  
8 and policy recommendations.

9 BE IT FURTHER RESOLVED that the committee shall request and collect relevant  
10 data and information necessary to fulfill its purposes from state agencies, Medicaid MCOs,  
11 community-based organizations, and other third parties.

12 BE IT FURTHER RESOLVED that the committee may, to the extent feasible,  
13 request such information and data at no cost.

14 BE IT FURTHER RESOLVED the Medical Care Advisory Committee, or a  
15 subcommittee thereof, shall incorporate members with experience and expertise in  
16 health-related social needs interventions. Membership may include but not be limited to  
17 community-based social service organizations focused on addressing health-related social  
18 needs, housing security, food security, job readiness, training, education, public health, and  
19 the lived experience of people enrolled in the Medicaid program.

20 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the  
21 secretary of the Louisiana Department of Health.

HR 246 Engrossed

2024 Regular Session

Mandie Landry

Requests LDH through its Medical Care Advisory Committee, or its creation of a subcommittee thereof, to study ways for Medicaid to invest in community-based social service organizations that address health-related social needs and social determinants of health.

Requires the submission of a written report of its findings and policy recommendations to the House Committee on Health and Welfare before Feb. 27, 2026.
