Provides relative to the Louisiana Tumor Registry. (gov sig)

Proposed legislation changes the name of the Louisiana Cancer and Lung Trust Fund Board to the Louisiana Cancer Advisory Board and provides revisions to the composition of the 15 member board, which are appointed by the governor and subject to confirmation by the Senate. The Board oversees the Louisiana Tumor Registry. Proposed legislation provides that the board establish procedures for the allocation of monies collected for the prevention, control, or surveillance of cancer in Louisiana. Proposed legislation changes the data sharing procedures for hospitals, radiation centers, pathology laboratories, and other licensed facilities participating in the Louisiana Tumor Registry and requires them to furnish additional medical data on cancer patients when requested. Allows partner hospitals and the registry to enter into remote electronic record sharing agreements.

EXPENDITURE EXPLANATION

Proposed legislation provides for a new composition of the LA Cancer Advisory Board and authorizes it to determine procedures to allocate monies collected by the Board for cancer prevention, control, or surveillance. These new procedures may provide for expenditure of an accrued fund balance of approximately \$344,000, originating from donations to the Board made by individuals on their income tax returns. The amount of these allocations and the timing of their expenditure is indeterminable at this time. The Louisiana State University Health Sciences Center in New Orleans houses the Louisiana Tumor Registry and reports the proposed measure will bolster efficiency and augment the registry's capacity to facilitate cancer research.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
