

1 Redemption Fund. The amount set forth in this Section opposite each project, or so much  
2 thereof as may be necessary, is hereby appropriated and payable from the source of funding  
3 indicated; provided, however, amounts appropriated and payable from federal funds may be  
4 encumbered or expended only to the extent such amounts shall have been committed or  
5 received. Pursuant to the provisions of R.S. 39:82, funds for planning, acquisition,  
6 construction, and major repair projects appropriated by this Act may be retained until  
7 completion of the project, even if no bona fide liability exists on the last day of the fiscal  
8 year.

9 This Act shall constitute the comprehensive state capital outlay budget for the  
10 2024-2025 Fiscal Year. Projects set forth which are payable from the proceeds available  
11 from the sale of general obligation bonds shall have the priorities as indicated. The Request  
12 for Line of Credit form used by the attorney general and Bond Counsel in evaluating  
13 Louisiana Constitutional, Internal Revenue Code, and applicable income tax regulations  
14 shall be filed with the commissioner of administration, State Bond Commission, and state  
15 attorney general. No general obligation bond cash lines of credit shall be granted to fund any  
16 lower priority project prior to the granting of general obligation bond cash lines of credit to  
17 fund all higher priority projects (the "general rule"), except as hereinafter provided. This  
18 prohibition against funding a lower priority project shall not apply upon a showing of an  
19 impossibility or impracticality either to proceed with all unfunded higher priority projects  
20 or to proceed with the funding of such projects or any part thereof through the issuance of  
21 general obligation bonds for any reason. Such showing shall be stated in reasonable detail  
22 in a certificate or certificates signed by the state agency responsible for administering the  
23 funding, and filed with the commissioner of administration and the State Bond Commission  
24 (hereinafter referred to as "the Commission"). Upon a determination by the Commission  
25 that proceeding with such a project or the funding thereof through the issuance of general  
26 obligation bonds is impractical or impossible, the Commission may then proceed with the  
27 sale of general obligation bonds or the granting of cash lines of credit without regard to the  
28 priority of the unfunded projects determined to be impossible or impractical.

29 Upon recommendation by the state agency responsible for administering the  
30 funding, if it is determined at any time that proceeding with the project or with the funding  
31 thereof is no longer impossible or impractical, the State Bond Commission may rescind the

1 certificate of impossibility or impracticality and may proceed with the project or with the  
2 issuance of general obligation bonds or the granting of cash lines of credit to fund the  
3 project. Alternatively, the Interim Emergency Board (hereinafter referred to as "the Board"),  
4 upon reviewing certificates as described above and determining that proceeding with such  
5 projects or the funding thereof through the issuance of general obligation bonds is  
6 impossible or impractical, may designate a lower priority for such projects. The Board's  
7 determination and lower priority designation shall be submitted to the members of the  
8 legislature for their approval in accordance with the provisions of Chapter 3-B of Subtitle  
9 I of Title 39 of the Louisiana Revised Statutes of 1950. In accordance with the provisions  
10 of Chapter 3-B of Subtitle I of Title 39 of the Louisiana Revised Statutes of 1950, whenever  
11 at the written request of the appropriate legislators and agency, the Board determines that  
12 an adjustment to a project description originally set forth in such capital budget adopted by  
13 the legislature for a current fiscal year is necessary to correct a mistake in a project  
14 description, clarify a description, change the scope of a description, or make any other  
15 adjustment the Board deems necessary to implement the purpose of the project, such  
16 adjustment shall become effective only upon the approval by majority vote of the elected  
17 members of each house of the legislature in the manner provided for in Chapter 3-B of  
18 Subtitle I of Title 39 of the Louisiana Revised Statutes of 1950.

19           If such approval is granted, notification by the chair or secretary of the Board of  
20 the results of the balloting shall be transmitted to the State Bond Commission, which may  
21 then proceed with the sale of general obligation bonds or the granting of cash lines of credit  
22 for each change approved upon request of the commissioner of administration in accordance  
23 with the general rule.

24           With respect to Priorities 1 through 5, a lower priority project may be moved to  
25 a higher priority only upon a showing of an emergency or other cause not reasonably  
26 anticipated by the legislature, which shall be stated in reasonable detail in a certificate signed  
27 by the head of the appropriate department, political subdivision, or agency and filed with the  
28 commissioner of administration and the Board. Upon a determination by the Board that such  
29 project should be moved to a higher priority because of an emergency or other cause not  
30 reasonably anticipated by the legislature, the Board shall designate a higher priority to the  
31 project. The matter then shall be submitted to and be subject to the same approval by the

1 members of the legislature in the manner previously indicated in this Section. If such  
2 approval is granted, notification by the chair or secretary of the Board of the change of  
3 priority shall be transmitted to the State Bond Commission, which then upon request of the  
4 commissioner of administration, may proceed with the sale of general obligation bonds or  
5 the granting of cash lines of credit in accordance with the general rule. As to projects within  
6 a priority, the State Bond Commission acting on requests submitted by the commissioner of  
7 administration shall determine when such project, or phases thereof, shall be funded. In  
8 making such determination, the State Bond Commission shall consider the amount of  
9 proceeds of general obligation bonds to be made available in light of money and capital  
10 market conditions; the expenditure requirements of the project; the time required for  
11 architectural plans and drawings, public bidding, and site acquisition and preparation;  
12 availability of receipt of federal monies; litigation affecting the undertaking or completion  
13 of a project; federal tax laws and regulations regarding the sale of municipal bonds; and  
14 other items of a similar nature bearing upon the possibility or the necessity to commence a  
15 project or any particular phase thereof.

16 Any other provision of this Act to the contrary notwithstanding, projects  
17 described in Priority 5 of this Act shall not be moved to a higher priority except upon one  
18 of the following conditions: (1) Funding is necessary to complete or additionally fund a  
19 project located elsewhere in the Capital Outlay Act. Determination of such condition shall  
20 be made by the head of the appropriate department or agency by means of a certificate to  
21 that effect filed with the Interim Emergency Board, who shall, by mail ballot, request  
22 approval of such change and if approved by a majority of each house of the legislature it  
23 shall be funded, or (2) unless required by an emergency or other cause not reasonably  
24 anticipated by the legislature, to be in accordance with procedures set forth in this Section.  
25 However, the State Bond Commission may authorize a non-cash line of credit for any  
26 project in Priority 5 which represents that portion of construction contracts which were let  
27 during a previous fiscal year, or construction contracts which will be let during the current  
28 fiscal year, but which will not require cash expenditures during the year. Such non-cash  
29 lines of credit, when combined with previously sold bonds or with higher priority bonds or  
30 lines of credit, or with funds appropriated from other sources, will provide sufficient

1 appropriated funds to award equipment or construction contracts. Contracts shall not be  
 2 awarded without approval of the division of administration.

3           Upon approval by the State Bond Commission, and subject to compliance with  
 4 its policies and procedures and the procedures set forth herein, a line of credit providing for  
 5 the use of funds in anticipation of the sale of general obligation bonds may be granted to the  
 6 appropriate administering agency or department from the Comprehensive Capital Outlay  
 7 Escrow Account, or if there is not a sufficient amount available in such account, from other  
 8 available state cash in the state treasury, for capital improvement projects for which bond  
 9 proceeds are appropriated by a current capital budget, prior to the actual issuance of bonds  
 10 for such projects, unless the attorney general advises that an impediment exists to the valid  
 11 issuance of the bonds on the date such line of credit is granted.

12           All bonds that are to be repaid, in whole or in part, by revenues generated by the  
 13 project shall be designated as "Reimbursement Bonds." The State Bond Commission shall  
 14 enter into such agreements as are necessary to provide that the agency or subdivision, whose  
 15 project is reimbursable, shall pay the bond debt costs into the Bond Security and Redemption  
 16 Fund. Such costs may be paid annually or at the end of the term of the bonds issued as  
 17 determined by the State Bond Commission.

18           Priority 1 general obligation bond funding shall be limited to:

19           (1) Projects and amounts which were previously authorized by Act 465 of the  
 20 2023 Regular Session of the Legislature; and which were granted cash lines of credit by the  
 21 State Bond Commission. The bonds to fund these projects were not sold in Fiscal Year  
 22 2023-2024.

23           (2) The reauthorization of the portion of the outstanding Fiscal Year 2023-2024  
 24 Priority 5 Non-Cash Lines of Credit for projects which will require cash expenditures in  
 25 Fiscal Year 2024-2025 and therefore must be converted to Cash Lines of Credit in Fiscal  
 26 Year 2024-2025.

27           (3) Commitments made in the Higher Education Desegregation Settlement  
 28 Agreement.

29           Priority 2 general obligation bond projects are for the completion of plans and  
 30 specifications, land acquisition, site preparation, or for construction which will begin during

1 the fiscal year. It is presently anticipated that the listed projects will require the sale of  
2 bonds or extension of lines of credit during the fiscal year after adoption of this Act.

3 Priority 3 general obligation bond projects are for the preparation of plans and  
4 specifications, land acquisition, site preparation, or for construction and shall be limited to  
5 funding for the portion of construction contracts which will not require cash expenditures  
6 during the fiscal year. The projects in this category shall be considered future year projects  
7 in the state's five-year capital outlay plan. It is presently anticipated that the listed projects  
8 will not require the sale of bonds or extension of lines of credit during the fiscal year.

9 Priority 4 general obligation bond projects are for the preparation of plans and  
10 specifications, land acquisition, site preparation, or for construction and shall be limited to  
11 funding for the portion of construction contracts which will not require cash expenditures  
12 during the fiscal year. The projects in this category shall be considered future year projects  
13 in the state's five-year capital outlay plan. It is presently anticipated that the listed projects  
14 will not require the sale of bonds or extension of lines of credit during the fiscal year.

15 Priority 5 general obligation bond funding shall be limited to funding for the  
16 portion of construction contracts which will not require cash expenditures during the fiscal  
17 year. These funds, when combined with previously sold bonds or with higher priority bonds  
18 on lines of credit, or with funds appropriated from other sources, will provide sufficient  
19 appropriated funds to award contracts. Non-cash lines of credit shall be required prior to the  
20 award of these contracts.

21 In accordance with the cash management plan adopted pursuant to R.S.  
22 48:251(D) and the provisions of Act 161 of the 1998 First Extraordinary Session, the  
23 Department of Transportation and Development is authorized to enter into contracts or  
24 agreements for projects approved pursuant to the Highway Priority Program, Airport  
25 Construction and Development Priority Program, Port Construction and Development  
26 Priority Program, and Statewide Flood Control Program for projects bid and awarded,  
27 authorized, or commenced during the fiscal year which do not require cash expenditures for  
28 the full contract or agreement amount.

1 Provided, however, that of the funds appropriated herein for the Highway Program, the  
 2 amount of \$25,000,000 from the Louisiana Transportation Infrastructure Fund shall be  
 3 expended solely for costs associated with road transfers.

4 Provided, however, that the Department of Transportation and Development is authorized  
 5 to implement or commence projects approved in this program for Fiscal Year 2024-2025  
 6 identified for phased funding pursuant to the cash management plan established pursuant to  
 7 R.S. 48:251(D), to provide funding for said projects on an as-needed basis by utilizing  
 8 unspent cash balances appropriated in prior years' programs, which funds when combined  
 9 with current appropriations will provide sufficient appropriated funds to award contracts.

10 Provided, however, that the Department of Transportation and Development shall use up to  
 11 \$2,500,000 of the appropriations from Transportation Trust Fund – Regular to fund the  
 12 replacement of five bridges along LA 1232 between Highway 156 and Highway 501 in

10           (B) Appropriated Debt Projects. The projects in this section are to be funded  
11 through the sale of bonds and secured by or payable from state appropriation.

12           (C) Notwithstanding anything contained in this Capital Outlay Act, or any  
13 previous Capital Outlay Act to the contrary, or any other provision of law, the Division of  
14 Administration may finance the design, construction, furnishing and equipping of facilities  
15 through the issuance of revenue bonds by the Office Facilities Corporation to be secured by  
16 and payable from State appropriations. The issuance of such revenue bonds shall require the  
17 approval of the State Bond Commission.

18           (D) Notwithstanding the provisions of R.S. 39:101, 102, and 112(C), projects  
19 included in Section 1 of this Act which did not submit a capital outlay application by  
20 November 1, 2023, in compliance with the provisions of R.S. 39:101 and 102 and which  
21 have not received late approval as required by R.S. 39:112(C) are hereby deemed to have  
22 until June 10, 2024, to submit a capital outlay budget request application pursuant to R.S.  
23 39:101(A), and if the application is submitted by that date, the project is deemed to have  
24 complied with the late approval requirements of R.S. 39:112(C). Additionally, the capital  
25 outlay budget requests together with supporting information and documents for these  
26 projects shall constitute the feasibility study required by Article VII, Section 11(C) of the  
27 Constitution of Louisiana.

28           (E) Notwithstanding anything contained in this Act or any other provision of law,  
29 the appropriations included herein identified as "Payable from the Criminal Justice and First  
30 Responder Fund", "Payable from the Louisiana Transportation Infrastructure Fund", and  
31 "Payable from the Higher Education Campus Revitalization Fund" shall only be appropriated  
32 in the event that House Bill No. 786 of the 2024 Regular Session of the Legislature is  
33 enacted into law.

1 (F) Notwithstanding anything contained in this Act or any other provision of law,  
2 the appropriations included herein identified as "Payable from the College and University  
3 Deferred Maintenance and Capital Improvement Fund" shall only be appropriated in the  
4 event that House Bill No. 940 of the 2024 Regular Session of the Legislature is enacted into  
5 law.

6 Section 2. The expenditure of funds appropriated in this Act shall be in  
7 conformity to all existing statutes relative to public bidding, contractual review, and R.S.  
8 39:101 through 128 and any other statutes affecting the capital outlay program for state  
9 government, state institutions, and political entities.

10 Section 3. Payment for projects specified in this Act must be made by warrant  
11 submitted to the division of administration, Department of Transportation and Development,  
12 the state treasurer or other administering agency as provided in Section 8, whichever is  
13 appropriate, only to the extent of funds required for immediate payment. Copies of invoices  
14 or other supporting documentation shall be submitted with warrants. In the event that any  
15 equipment included in this Act, is procured pursuant to the provisions of the State Lease-  
16 Purchase Act, R.S. 39:1761 et seq., the amounts included in this Act for each such piece of  
17 equipment shall not be appropriated. The provisions of R.S. 39:1771 which require  
18 equipment to be leased under the State Lease-Purchase Act to be included in the executive  
19 budget and approved by the legislature through inclusion in the General Appropriation Act  
20 shall be considered waived upon the inclusion of such equipment in this Act. Projects  
21 contained in this Act may, at the direction of the division of administration and with the  
22 approval of the State Bond Commission, alternatively be funded through financing programs  
23 heretofore or hereafter provided by a public trust and public corporation duly organized  
24 pursuant to R.S. 9:2341 et seq., having for its beneficiary the state and the Louisiana Local  
25 Government Environmental Facilities and Community Development Authority, pursuant to  
26 R.S. 33:4548.1 et seq.

27 Section 4. If at any time during the Fiscal Year 2024-2025, the governor should  
28 find, or the Joint Legislative Committee on the Budget or the commissioner of  
29 administration should report to the governor, that the receipts of the treasury are falling short  
30 or appear likely to fall short of the revenue estimates for the fiscal year and that a cash

1 deficit is likely to be incurred, the governor shall take such steps as deemed necessary to  
2 prevent the occurrence of a cash deficit. In the event that a capital outlay project funded in  
3 this Act falls under an agency which is abolished or for which funds are not appropriated in  
4 the 2024-2025 General Appropriation Act, then the funds appropriated in this Act for such  
5 capital outlay projects shall not be expended unless deemed necessary by the governor to  
6 protect life or property. In the event that legislation is enacted which transfers facilities or  
7 programs for which projects are funded in this Act, on behalf of one agency, institution,  
8 department, or management board to another agency, institution, department, or management  
9 board, then the projects in this Act shall be deemed transferred also.

10 Section 5. All monies appropriated by this Act and any applicable funds of a  
11 prior capital outlay budget act adopted by the legislature shall be deposited by the state  
12 treasurer in the Comprehensive Capital Outlay Escrow Account, established by this Section,  
13 in the state treasury. In accordance with R.S. 36:764, no later than sixty days following the  
14 end of each quarter, the state treasurer shall report to the Joint Legislative Committee on the  
15 Budget and the commissioner of administration, all funds contained in the Miscellaneous  
16 Fund of the Comprehensive Capital Outlay Escrow Account. Notwithstanding any  
17 provisions contained herein or other law to the contrary, any original issue premium or  
18 accrued interest proceeds received pursuant to the sale of general obligation bonds shall  
19 remain on deposit to the credit of the Bond Security and Redemption Fund until such time  
20 as they may be utilized in accordance with U.S. Department of the Treasury Regulations  
21 promulgated pursuant to the Internal Revenue Code of 1986. All such monies shall be  
22 administered according to the particular act pertaining to the fiscal year in which such  
23 monies were appropriated. If it is determined by the director of the office of facility  
24 planning and control, division of administration, that the funds appropriated by this Act or  
25 any prior capital outlay budget Act are not sufficient to complete the projects contained in  
26 any capital outlay budget Act, through unavoidable deficiencies in appropriation, including  
27 administrative and legal requirements, the commissioner of administration, subject to  
28 approval of the Joint Legislative Committee on the Budget, may direct the use of interest  
29 earned from the investment of general obligation bond or note proceeds in the  
30 Comprehensive Capital Outlay Escrow Account, not to exceed an aggregate of five million  
31 dollars in any one fiscal year, for the purpose of completing the projects contained in any

1 capital outlay budget Act and such money shall be deemed appropriated in specific amounts  
2 necessary for such purpose. All appropriations in this Act which are made as additions to  
3 funds for previously authorized projects shall be included, for accounting purposes, in the  
4 account of the previously authorized projects. If it is determined by the director of the office  
5 of facility planning and control, division of administration, that it is cost effective and  
6 practical to combine individual appropriations, the commissioner of administration, subject  
7 to the approval of the Joint Legislative Committee on the Budget, may direct that two or  
8 more appropriations or parts thereof may be combined into a single project for accounting  
9 and audit purposes. The commissioner of administration may direct that funding in the  
10 various statewide and/or multiple parish projects for improvements for state facilities may  
11 be transferred to any project, in this Act or any previous Capital Outlay Act, which require  
12 supplemental funding for improvements for state facilities which qualify for funding through  
13 the various statewide and/or multiple parish projects for improvements for state facilities.  
14 The office of facility planning and control, division of administration is authorized to receive  
15 settlements and vendor rebates and to add a portion or all of these receipts to the existing  
16 project funds relating to the settlement and/or vendor rebates and appropriated in this Act  
17 or any previous Capital Outlay Act including those previously appropriated funds that  
18 become unavailable. Approval of the Joint Legislative Committee on the Budget will be  
19 obtained if the settlement and/or vendor rebates will be added to any projects in this Act or  
20 any previous Capital Outlay Act which are unrelated to the project from which the settlement  
21 and/or vendor rebates were received. The office of facility planning and control, division of  
22 administration is authorized to receive insurance payments and are hereby authorized to  
23 immediately repair facilities that suffer insurance losses without those projects being  
24 included in the Act and shall report to the Joint Legislative Committee on the Budget any  
25 expenditures from insurance funds received pursuant to this section. A portion, as  
26 determined by the commissioner of administration and not to exceed one percent (1%), of  
27 the funding for projects which qualify for the Percent for Art Program and not to exceed  
28 \$450,000 for an individual, qualifying project, may be transferred from the qualifying  
29 project budgets, to the Department of Culture, Recreation and Tourism for costs of acquiring  
30 art and administering the program. For all Percent for Art Program projects in this or any

1 previous capital outlay, up to ten percent (10%) of the aforementioned one percent (1%) may  
 2 be used for the costs of administering the projects.

3 Section 6. No later than February 1, 2025, agencies administering capital outlay  
 4 projects will submit reports identifying completed projects and cash balances to the Joint  
 5 Legislative Committee on Capital Outlay pursuant to the reporting requirements of R.S.  
 6 39:105 and R.S. 39:116.

7 Section 7. The commissioner of administration, with the approval of the Joint  
 8 Legislative Committee on the Budget, is authorized to supplement or substitute the  
 9 appropriations specified in this or previous capital outlay acts with any federal or other funds  
 10 which are or may become available and such funds shall be deemed appropriated in specific  
 11 amounts necessary for the purposes of this Act. Any funds received by the State Bond  
 12 Commission as a result of a prepayment of reimbursement contracts as authorized by law  
 13 and the policy and procedure for reimbursement contracts of the Department of Treasury,  
 14 office of State Bond Commission, shall be deposited as set forth in such policy and  
 15 procedure and shall be deemed available and appropriated in specific amounts necessary for  
 16 the purposes of this Act pursuant to the procedure set forth in this section.

17 Section 8.(A) All projects herein authorized and funded shall be subject to the  
 18 provisions of R.S. 39:101 through 128. With the exception of appropriations made to the  
 19 Department of Military Affairs, the Legislature, the Louisiana Stadium and Exposition  
 20 District, the Department of Economic Development, the Coastal Protection and Restoration  
 21 Authority, the Division of Administration for Supplemental State Funds for Local  
 22 Government Assistance Program, the Division of Administration for the Community Water  
 23 Enrichment Program or the Department of Transportation and Development, all funds herein  
 24 appropriated shall be considered as having been appropriated directly to the Office of  
 25 Facility Planning and Control, Division of Administration. All cooperative endeavor  
 26 agreements for non-state entities shall be prepared by the appropriate administering agency  
 27 and submitted to the office of State Procurement for review and approval. As part of its  
 28 review, the office of State Procurement shall consult with bond counsel to the State relative  
 29 to any federal tax issues.

30 (1) Notwithstanding anything contained in this act to the contrary or any other  
 31 provision of law, the appropriations made for the Louisiana Stadium and Exposition District

1 shall be appropriated directly to the Louisiana Stadium and Exposition District, and are  
2 public purposes pursuant to the provisions of Article VII, Section 14 of the Constitution of  
3 Louisiana primarily for economic development, including the generation of tax revenue,  
4 creation of jobs, and the generation of tourism, and may be used to reimburse any  
5 expenditure made prior to the granting of a line of credit or the sale of bonds by the State  
6 Bond Commission, determination by the State Treasurer that cash funding has been  
7 deposited in the Comprehensive Capital Outlay Escrow Account for the project.

8 (2) Further, with respect to appropriations to the Louisiana Stadium and  
9 Exposition District for the TPC Louisiana, Planning and Construction project, the Louisiana  
10 Stadium and Exposition District shall be permitted to use alternative competitive  
11 procurement and delivery methods for the award of any contracts to be funded through such  
12 appropriation.

13 (3) The Louisiana Stadium and Exposition District shall have the authority to  
14 directly appoint a design professional from a list of a minimum of three architectural firms  
15 or joint ventures with professional sports facility design experience acceptable to the  
16 Commissioner of Administration and shall be exempt from other state requirements for  
17 selection of designers. The design professional fee shall be in accordance with state  
18 guidelines administered by the Office of Facility Planning and Control, Division of  
19 Administration.

20 (B)(1)(a) Funds appropriated in the Capital Outlay Act under the name of non-  
21 state entities shall be administered by the Office of Facility Planning and Control, Division  
22 of Administration under cooperative endeavor agreements; however, projects involving state  
23 or federal highways may be administered by the Department of Transportation and  
24 Development, if appropriate. Except as provided in Section 8(A), cooperative endeavor  
25 agreements entered into pursuant to appropriations in this Act shall not be required to be  
26 submitted to the Division of Administration, Office of State Procurement.

27 (b) Further, for all projects in the Capital Outlay Act or a previous Capital Outlay  
28 Act which are appropriated to the Office of Facility Planning and Control, Division of  
29 Administration, including those administered by cooperative endeavor agreements, up to six  
30 percent of each line-item may be used for costs of administering the projects.

1 (c) For all projects in Capital Outlay Act or a previous Capital Outlay Act  
2 appropriated to the Department of Transportation and Development, up to six percent of  
3 each line-item may be used for costs of administering the projects, or for field  
4 engineering/construction supervision.

5 (2) Notwithstanding anything in this Act, or a previous Capital Outlay Act, the  
6 Office of Facility Planning and Control may enter into a cooperative endeavor agreement  
7 with the Archdiocese of New Orleans and Jefferson Parish for the Preservation and  
8 Restoration of Historic Structure for Hope Haven/Madonna Manor Campus, Planning and

28 Lafayette Parish is authorized to execute contracts for the Bayou Vermilion Flood Control  
29 project prior to execution of a cooperative endeavor agreement, the granting of a line of  
30 credit or the sale of bonds. The appropriation for this project may be used to pay any  
31 obligation incurred or to reimburse any expenditure made pursuant to such contracts unless

1 the Commissioner of Administration is advised by bond counsel to the state that such may  
2 violate federal tax law. The office of facility planning and control shall consult with bond  
3 counsel to the State relative to any federal tax issues.

4 (3) Notwithstanding anything contained in this Act or any other provision of law,  
5 Lafayette Parish is authorized to execute contracts for the Parish Government Complex,  
6 Parish Courthouse project prior to execution of a cooperative endeavor agreement, the  
7 granting of a line of credit, or the sale of bonds. The appropriation for this project may be  
8 used to pay any obligation incurred or to reimburse any expenditure made pursuant to such  
9 contracts unless the Commissioner of Administration is advised by bond counsel to the state  
10 that such may violate federal tax law. The office of facility planning and control shall consult  
11 with bond counsel to the State relative to any federal tax issues.

12 (4) Notwithstanding anything contained in this Act or any previous Capital  
13 Outlay Act or any provision of law to the contrary, contracts may be entered into for the  
14 Acadia Parish, Street Improvements of Hains Road project prior to receipt of concurrence  
15 by the Office of Facility Planning and Control and are excepted from bid opening extensions  
16 associated with addenda to bidding documents and the state is authorized to financially  
17 participate in obligations created for such project.

18 (F) Pursuant to R.S. 39:112(E)(2), non-state entity projects shall require a match  
19 for each appropriation in this act; however,

20 (1) Notwithstanding anything contained in this Act, any prior Capital Outlay  
21 Acts, any other provision of law, or the provisions of R.S. 39:112(E)(2), the projects for the

29 East Carroll Parish Sheriff's Office for the Training and Recreation Center shall be exempt  
30 from all match requirements.

1 (G) Notwithstanding anything contained in this Act or the Capital Outlay Act to  
2 the contrary or any other Act or provision of law, the appropriations made for the Executive  
3 Department for facilities which promote economic development included in the Repair,  
4 Restoration, and Replacement for Declared Disasters, Planning, Construction, Renovation,  
5 and Acquisition project, and the Department of Economic Development projects are for  
6 public purposes pursuant to the provisions of Article VII, Section 14 of the Constitution of  
7 Louisiana primarily for economic development, including the generation of tax revenues,  
8 creation of jobs, promotion of tourism, and creation of facilities for charitable, cultural,  
9 artistic, educational, social, civic, research, service, economic development activities, or  
10 provide facilities for professional golf events, pursuant to the terms of cooperative endeavor  
11 agreements, including leases and all expenditures of these appropriations and may be  
12 exempted, by the Commissioner of Administration, from all statutes relative to public  
13 bidding, contractual review and the provisions of R.S. 33:9029.2(D) and in lieu thereof be  
14 allowed to use alternative competitive contracting arrangements where the appropriate  
15 administering entity submits documentation to the Commissioner of Administration  
16 substantiating that it is in the best interest of the citizens of the state, due to economic and/or  
17 operational benefits, and the necessity to complete the projects in a timely manner; and, the  
18 appropriate administering entity shall have the authority to directly appoint the design  
19 professional from a list of a minimum of three design firms or joint ventures with the  
20 appropriate specialized facility design experience submitted to and acceptable to the  
21 Commissioner of Administration and shall be exempt from other state requirements for  
22 selection of designers, and may include expenditures for computers, fixtures, furniture, and  
23 other equipment as such is deemed to be capital outlay in nature, and unless the

25 violate federal tax law, may be used to reimburse any expenditure made prior to the granting  
26 of a line of credit or the sale of bonds by the State Bond Commission, determination by the  
27 State Treasurer that cash funding has been deposited in the Comprehensive Capital Outlay  
28 Escrow Account for the project or the execution of a cooperative endeavor agreement from  
29 the Office of Facility Planning and Control, and may be used to acquire land or real property,  
30 the title to which is held in the name of an entity exempt from taxation under the provisions  
31 of 26 U.S.C. 501(c)(3).

1 (H) Notwithstanding any other provision of this Act or the Capital Outlay Act or  
2 any other provision of law to the contrary, all of the funds herein appropriated to the  
3 Department of Economic Development in connection with projects or programs for which  
4 the Department of Economic Development utilizes a cooperative endeavor agreement to  
5 further economic development as permitted under Article VII, Section 14 of the Louisiana  
6 Constitution, including the generation of tax revenues and creation of jobs, shall be  
7 considered as having been appropriated to the Department of Economic Development, may  
8 be used to reimburse any expenditure made prior to the granting of a line of credit and made  
9 prior to the execution of a cooperative endeavor agreement and shall be administered solely  
10 by the Department of Economic Development pursuant to, in compliance with, and on the  
11 terms contained in such cooperative endeavor agreements without compliance with any other  
12 law, including, but not limited to, the provisions of R.S. 39:101 through 128. Additionally,  
13 all expenditures of these appropriations may be exempted by the Commissioner of  
14 Administration, from all statutes relative to public bidding, contractual review and the  
15 provisions of R.S. 33:9029.2(D).

16 (I)(1) Notwithstanding any other provision of this Act or the Capital Outlay Act  
17 or any other provision of law to the contrary, funds appropriated for the Economic  
18 Development Award Program project for the Office of Business Development are to be used  
19 solely for capital and infrastructure improvements subject to verification by the Division of  
20 Administration, Office of Facility Planning and Control.

21 (2) Eligible expenses for Economic Development Award Program funds may  
22 include documented project expenses beginning on the date of LEDC Board approval of the  
23 project and may be reimbursed upon execution of the cooperative endeavor agreement for  
24 the project.

25 (J)(1) Due to the state's current investment in TPC Louisiana and the financial  
26 support it provides to the PGA TOUR event currently played at said facility, said PGA  
27 TOUR event shall not be played at New Orleans City Park Golf Complex without the prior  
28 agreement of the Commissioner of Administration and the Chairman of the Jefferson Parish  
29 Council.

1           (2) Notwithstanding the foregoing, the City Park Golf Complex may host any  
2 other golf tournament or event, including but not limited to any other PGA-affiliated or  
3 sponsored tournament or event.

4           (K)(1) For all projects administered by the Office of Facility Planning and  
5 Control and payable from proceeds of self-generated revenues, funds shall be remitted to the  
6 Office of Facility Planning and Control for deposit in the state treasury at such time as may  
7 be deemed necessary by the Office of Facility Planning and Control in order to cover the  
8 amount of contracts or other project expenses.

9           (2) Notwithstanding any provisions contained herein or any other law to the  
10 contrary, for projects with other means of financing provided to the administering agency  
11 by interagency transfer, the authority to draw these funds shall remain with the user agency.

12           (3) Any revenue bonds appropriated in Section 1 or Section 1. (A) of the Capital  
13 Outlay Act shall not be secured by the full faith and credit of the state.

14           (4) The State Treasurer shall refund to the appropriate source any surplus self-  
15 generated funds, advanced insurance funds received by the Office of Facility Planning and  
16 Control as Interagency Transfer from Office of Risk Management associated with hurricane  
17 damage recovery, and interest earned on these funds, provided the Treasurer's Office is  
18 notified, when these funds are deposited in the state treasury, that the user agency or Office  
19 of Risk Management intends to request a refund of this interest.

20           (L) Notwithstanding any provisions contained in this Act, the Capital Outlay Act,  
21 or any other provision of law to the contrary, any funds expended by the parish of St. Mary  
22 for the purpose of securing a federal grant, for the Infrastructure Improvements and  
23 Construction of a Welding Training Center Facility at the Charenton Canal Industrial Park,  
24 shall be eligible for reimbursement from any cash line of credit approved for the project.

25           (M) Notwithstanding anything contained in this Act to the contrary or any other  
26 provision of law, the resolution adopted by the Joint Legislative Committee on the Budget  
27 (the committee) on March 19, 2019 approving State of Louisiana Grant Anticipation  
28 Revenue Bonds, in one or more series, not exceeding \$650,000,000, and approving the  
29 related projects and providing for other matters in connection therewith, contains the  
30 following approvals:

1           (1) The first series of bonds in the original principal amount of not exceeding  
 2           \$185,000,000 in order to fund the following projects in the following estimated amounts:  
 3           Barksdale Project (\$61,600,000) and portions of the Loyola Project (\$77,600,000) and the  
 4           I-10 Project (\$30,601,000) with the understanding that the Department has the ability to  
 5           manage the actual application of bond proceeds in order to appropriately fund the Projects  
 6           and meet expenditure requirements of the Internal Revenue Service.

7           (2) The second series of bonds for the express purpose of granting the required  
 8           contracts in the principal amount of approximately \$142,000,000 in order to fund the  
 9           following projects in the following estimated amounts: the balance of the Barksdale Project  
 10          (\$16,518,000), the balance of the Loyola Project (\$87,500,000), portions of the I-10 Project  
 11          (\$37,982,000) and the Belle Chasse Project (\$12,500,000) with the understanding that the  
 12          Department has the ability to manage the actual application of Bond proceeds in order to  
 13          appropriately fund the Projects and meet expenditure requirements of the Internal Revenue  
 14          Service provided, however, the Department of Transportation and Development seeks  
 15          approval from the Committee for the issuance of the second series of bonds and all  
 16          subsequent series of bonds.

17          (N) Notwithstanding anything contained in this Act to the contrary or any other  
 18          provision of law, the Research Vessel (R/V) Pelican Replacement is deemed to be a capital  
 19          asset and the appropriation to Louisiana Universities Marine Consortium (LUMCON) to  
 20          replace the R/V Pelican is for a public purpose and has a significant economic impact  
 21          providing a variety of oceanographic research missions. Further, LUMCON shall be  
 22          permitted to use an alternative delivery method to award contracts for design of the proposed  
 23          replacement vessel. LUMCON shall have the authority to select the design professional from  
 24          a list of a minimum of two engineering firms or joint ventures with ship design experience  
 25          acceptable to the Commissioner of Administration and the selection shall be exempt from  
 26          other state requirements for the selection of designers. The design professional fee shall be  
 27          in accordance with state guidelines administered by the Office of Facility Planning and  
 28          Control, Division of Administration. LUMCON shall further be permitted to use an  
 29          alternative delivery method to award contracts for the construction of the proposed  
 30          replacement vessel. LUMCON shall have the authority to select the contractor from a list  
 31          of a minimum of three highly qualified ship builders/shipyards with relevant vessel

1 construction experience acceptable to the Commissioner of Administration and the selection  
2 shall be exempt from other state requirements for the selection of contractors. The  
3 construction contract shall be administered by the Office of Facility Planning and Control,  
4 Division of Administration in accordance with state guidelines.

5 (O) Notwithstanding anything contained in this Act to the contrary or any other  
6 provision of law, the appropriations for Major Repairs for Higher Education Facilities –

7 obligation incurred or to reimburse any expenditure made pursuant to such contracts unless  
8 the commissioner of administration is advised by bond counsel to the state that such may  
9 violate federal tax law. The office of facility planning and control shall consult with bond  
10 counsel to the state relative to any federal tax issues.

11 (X) Notwithstanding anything contained in this Act or any other provision of law,  
12 the Board of Commissioners for the Port of New Orleans is authorized to execute contracts  
13 for the Louisiana International Terminal Roadway and Rail Improvements, Planning and  
14 Construction and the Louisiana International Terminal, Drainage, Site Preparation and  
15 Mitigation, Planning and Construction project prior to execution of a cooperative endeavor  
16 agreement, the granting of a line of credit, or the sale of bonds. The appropriation for this  
17 project may be used to pay any obligation incurred or to reimburse any expenditure made  
18 pursuant to such contracts unless the commissioner of administration is advised by bond  
19 counsel to the state that such may violate federal tax law. The office of facility planning and  
20 control shall consult with bond counsel to the state relative to any federal tax issues.

21 (Y) Notwithstanding anything contained in this Act or any previous Capital  
22 Outlay Act or any provision of law to the contrary, capital outlay expenditures by the Local  
23 Government Assistance Program (LGAP) shall comply with the definition contained in La.  
24 R.S. 39:2(9) exclusively.

25 Section 9. Notwithstanding any provisions contained herein or any other law to  
26 the contrary, the provisions of Chapter 16 of Subtitle III of Title 39 of the Louisiana Revised  
27 Statutes of 1950 as amended, shall not apply to architectural and engineering contracts,  
28 administered by the office of facility planning and control, division of administration  
29 pursuant to this or any other capital outlay act.

30 Section 10. All funds appropriated herein to agencies administering capital  
31 outlay projects, on behalf of non-state entities, by cooperative endeavor agreements pursuant

1 to this Act shall be expended within two (2) years from the date of the issuance of the bonds.  
2 Agencies administering capital outlay projects pursuant to a cooperative endeavor agreement  
3 shall notify the non-state entity of the date the bonds are issued within three (3) months from  
4 the issuance thereof. If the funds appropriated herein and administered under cooperative  
5 endeavor agreements pursuant to this Act are not totally expended within two (2) years from  
6 the issuance of the bonds, the administering agency can close the project and recommend  
7 that the reallocation of any unexpended proceeds to any project contained in this Act or any  
8 previous Capital Outlay Acts.

9 Section 11. Notwithstanding any provisions contained herein or law to the  
10 contrary, the proceeds of revenue bonds to be utilized to fund certain projects authorized in  
11 Section 1. and Section 1. (A) hereof may, in accordance with Article VII, Section 9 of the  
12 Louisiana Constitution of 1974, be deposited in special accounts held outside the state  
13 treasury in accordance with the provisions of any bond resolution, indenture, reimbursement  
14 contract, or other bond or financing covenant which provides for the pledge of such funds  
15 in connection with the issuance of revenue bonds. For all projects administered by the office  
16 of facility planning and control, division of administration, authorized in Section 1. And  
17 Section 1. (A) hereof which are payable from the proceeds of revenue bonds, only the office  
18 of facility planning and control, division of administration, will be authorized to requisition  
19 funds from the special accounts described immediately above, at such time or times as may  
20 be deemed necessary by the office of facility planning and control, division of  
21 administration, in order to cover contract amounts or other project expenses.

22 Section 12. The governor shall have the power to veto any line-item in this Act.

23 Section 13. Except as otherwise provided herein, no funds shall be expended on  
24 any highway projects on highways within the state highway system as established in R.S.  
25 48:191 under the jurisdiction of the Department of Transportation and Development unless  
26 and until such project is in the Highway Program, R.S. 48:228 through 232, approved by the  
27 Joint Legislative Committee on Transportation, Highways and Public Works. Pursuant to  
28 R.S. 49:214.6.2(B), no integrated coastal protection construction project shall be undertaken  
29 with funds included in this bill except those included in an annual plan finally approved by  
30 the legislature in accordance with the provisions of R.S. 49:214.5.3. No funds appropriated  
31 to the Coastal Protection and Restoration Authority in this Act as a contribution for a project

1 cost-share or otherwise, for the national economic development and national ecosystem  
2 restoration components of the Southwest Coastal Louisiana Study shall be used or provided  
3 for the expropriation of property or use of eminent domain, except where such funds are to  
4 be used to obtain property voluntarily offered for project purposes, where at least seventy-  
5 five percent of the owners have voluntarily offered the property, or where the record or  
6 apparent owners have voluntarily offered the property but do not have clear title.

7 Section 14. The word "statewide" used in place of the specific parish designation  
8 for projects contained in this Act indicates that the project or program is applicable to all  
9 sixty- four parishes in the state. The description of any project in this Act shall be deemed  
10 to include planning, design, master planning, studies, permits, surveys, testing, construction,  
11 land and/or building/improvement acquisition, reconstruction, renovation, repair, right-of-  
12 way and utilities, site and other improvements, miscellaneous/contingencies, lease hold  
13 improvements ultimately owned by the state or a political subdivision of the state, equipment  
14 and other acquisitions, and any other component of the project if such are included or  
15 indicated in the capital outlay request for such projects required by R. S. 39:101 subject to  
16 the provisions of Title 39 of the Louisiana Revised Statutes of 1950. For new construction  
17 or renovation projects, equipment or other acquisitions, which can reasonably be considered  
18 necessary for the facility to be functional, may be deemed to be included in the project, even  
19 if such equipment or other acquisitions are not included or indicated in the project name or  
20 the capital outlay request. When local or federal match is referenced in a project title, but  
21 only a portion of the state appropriation is granted a line of credit or otherwise funded, then  
22 the amount of local or federal match, required to be made available, may be prorated relative  
23 to the amount of state appropriation made available through lines of credit.

24 Section 15. The provisions, items, and projects contained in this Act are  
25 severable and if any provision, item, or project contained herein, or the application of any  
26 such provision, item, or project, is held invalid, such invalidity shall not affect other  
27 provisions, items, projects, or applications of the Act which can be given effect without the  
28 invalid provision, project, item, or application.

29 Section 16. Notwithstanding any other provisions of law to the contrary, the state  
30 shall not grant cash lines of credit, or authorize or issue general obligation bonds in a  
31 principal amount in excess of \$1,649,198,419 for Fiscal Year 2024-2025.

1           Section 17. Notwithstanding any contrary provision of this Act or any contrary  
 2 provision of law, no funds appropriated by this Act shall be released or provided to any  
 3 recipient of an appropriation made in this Act if, when, and for as long as, the recipient fails  
 4 or refuses to comply with the provisions of R.S. 24:513. No recipient shall be considered to  
 5 fail or refuse to comply with the provisions of R.S. 24:513 pursuant to this Section during  
 6 any extension of time granted by the legislative auditor to the recipient to comply.

7           Section 18. This Act shall become effective upon signature by the governor or,  
 8 if not signed by the governor, upon expiration of the time for bills to become law without  
 9 signature by the governor, as provided in Article III, Section 18 of the Constitution of  
 10 Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act  
 11 shall become effective on the day following such approval.
