

RÉSUMÉ DIGEST

ACT 328 (SB 277)

2024 Regular Session

Duplessis

Existing law provides for terms and requirements of the land-based casino operating contract.

Existing law requires that in addition to the requirements of existing law, the casino operating contract include provisions requiring the casino operator to do both of the following:

- (1) The casino gaming operator shall not reduce its total operating force or personnel level below 90% of the force or level as such existed on March 8, 2001.
- (2) The casino gaming operator shall not reduce the total salary levels or compensation of its operating force or personnel by more than 10% of the salary level or compensation as such existed on March 8, 2001.

Prior law temporarily suspended the requirement that existing law provisions be included in the casino operating contract from July 1, 2022, through June 30, 2024.

New law extends the temporary suspension of the requirement that existing law provisions be included in the casino operating contract through June 30, 2025.

Effective July 1, 2024.
