

RÉSUMÉ DIGEST

HCR 64

2024 Regular Session

Orgeron

Creates the Clean Hydrogen Task Force to study and make recommendations relative to the growing clean hydrogen industry in the state, including its production, connective and storage infrastructure, and end use. Requires the task force to develop a plan of recommendations for the governor and the legislature on Louisiana's future in clean hydrogen no later than Dec. 1, 2025. Specifies that the task force will be staffed by the La. Dept. of Energy and Natural Resources, office of energy, if it is created by July 1, 2024. Otherwise, the task force will be staffed at the discretion of the secretary.
