

RÉSUMÉ DIGEST

ACT 697 (HB 439)

2024 Regular Session

Bacala

Existing law authorizes the clerks of district courts to establish their own rates of annual compensation, payable out of the clerk's salary fund, provided that the rates shall not exceed the following amounts based on applicable population of the respective parish:

	<u>Population</u>	<u>Compensation</u>
(1)	Less than 50,000	\$88,000
(2)	50,000-200,000	\$98,000
(3)	Over 200,000	\$108,000

Further authorizes increases for each population class by four percent each year through Fiscal Year 2016-2017 (Act No. 380 of 2013 Regular Session).

New law additionally increases the annual compensation for each population class by five percent each year through Fiscal Year 2027-2028.

New law requires the additional compensation becoming effective if the clerk of a district court publishes notice of intent to increase his compensation on two separate days in the official journal of the parish in which the clerk's office is located. New law requires the last day of such publication to be at least 30 days prior to the date that the clerk of the district court increases his compensation.

Effective July 1, 2024.
